This research was performed at the Division of Toxicology of the Leiden Academic Centre for Drug Research, Leiden University, Leiden, The Netherlands.

To my father and mother

Table of Contents

Chapter 1	
General Introduction and outline of this thesis	1
Chapter 2	
Aven-mediated checkpoint kinase control regulates proliferation and resistance to chemotherapy in conventional osteosarcoma	21
Chapter 3	
Pharmacological inhibition of Bcl-xL sensitizes osteosarcoma to doxorubicin	47
Chapter 4	
MEK inhibition induces apoptosis in osteosarcoma cells with constitutive ERK1/2 phosphorylation	71
Chapter 5	
Dasatinib Src inhibitor selectively triggers apoptosis and loss of invasive potential in human osteosarcoma cells	89
Chapter 6	
Summary and general discussion	107
Summary	117
Samevatting	119
List of publications	122
Curriculum vitae	123
