**Metrics and Visualisation
for
Crime Analysis and Genomics**

Jeroen F. J. Laros

This research is part of the DALE (Data Assistance for Law Enforcement) project as financed in the ToKeN program from the Netherlands Organization for Scientific Research (NWO) under grant number 634.000.430.

The work in this thesis has been carried out under the auspices of the research school IPA (Institute for Programming Research and Algorithmics).

Metrics and Visualisation for Crime Analysis and Genomics

Proefschrift

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus prof. mr. P.F. van der Heijden,
volgens besluit van het College voor Promoties
te verdedigen op maandag 21 december 2009
klokke 15.00 uur
