CLINICAL ASPECTS OF HAND OSTEOARTHRITIS: ARE EROSIONS OF IMPORTANCE?

PROEFSCHRIFT

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus prof. mr. dr. C.J.J.M. Stolker,
volgens het besluit van het College voor Promoties
te verdedigen op dinsdag 10 september 2013
klokke 13:45 uur

door Wing Yee Kwok
geboren te Utrecht
in 1982

PROMOTIECOMMISSIE

Promoteres: Prof. dr. G. Kloppenburg
Prof. dr. F.R. Rosendaal

Overige leden: Prof. dr. D.M.F.M. van der Heijde
Prof. dr. S. Bierma-Zeinstra
Erasmus Medisch Centrum, Rotterdam
Prof.dr. J.W.J. Bijlsma
Universitair Medisch Centrum, Utrecht

CONTENTS

Chapter 1.	General introduction	7
PART I	Hand osteoarthritis: state-of-the-art	
Chapter 2.	Hand osteoarthritis - a heterogeneous disorder	17
Chapter 3.	Risk factors for progression in hand osteoarthritis: a systematic review	41
PART II	Hand osteoarthritis in rheumatology practice	
Chapter 4.	Limitations in daily activities are the major determinant of reduced health-related quality of life in hand osteoarthritis patients	65
Part III	Erosive hand osteoarthritis	
Chapter 5.	Erosive hand osteoarthritis: its prevalence and clinical impact in the general population and symptomatic hand osteoarthritis	75
Chapter 6.	Comparison of clinical burden between patients with erosive hand osteoarthritis and inflammatory arthritis in symptomatic community-dwelling adults: The Keele Clinical Assessment Studies	91
Chapter 7.	The prevalence of erosive osteoarthritis in carpometacarpal joints and its clinical burden in symptomatic community-dwelling adults	107
Part IV	Inflammation in hand osteoarthritis	
Chapter 8.	Pain in hand osteoarthritis is associated with inflammation: the value of ultrasound	123
Chapter 9.	In erosive hand osteoarthritis more inflammatory signs on ultrasound are found than in the rest of hand osteoarthritis	135
Part V	Methodological studies	
Chapter 10.	Validity of joint space width measurements in hand osteoarthritis	147
Chapter 11.	MRI in hand osteoarthritis: validation of the Oslo Hand Osteoarthritis MRI-score and association with pain, radiography and ultrasound	163
Part VI	Treatment of hand osteoarthritis in rheumatology practice	
Chapter 12.	Role of rheumatology clinical nurse specialists in optimizing the management of hand osteoarthritis during daily practice in secondary care: an observational study	181
Chapter 13.	Summary and discussion	197
Chapter 14.	Nederlandse samenvatting	211
	List of publications	223
	Curriculum vitae	225
	Dankwoord	226
