Promoting Physical Activity in Patients with Rheumatoid Arthritis

Marleen van den Berg

An abstract graphic design featuring a series of overlapping, semi-transparent circles in shades of gray. A bright, glowing trail of light particles or a comet-like streak moves from the bottom right towards the top right, passing through the circles. The overall effect is dynamic and modern.

**Promoting Physical Activity
in
Patients with Rheumatoid Arthritis**

Proefschrift

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus prof. mr. P.F. van der Heijden,
volgens besluit van het College voor Promoties
te verdedigen op donderdag 31 mei 2007
klokke 15.00 uur
