Title: Huntington's disease : functional and structural biomarkers

Issue Date: 2012-11-14

Huntington's Disease

Functional and Structural Biomarkers

Financial support for the TRACK-HD research was provided the CHDI/High Q Foundation, Inc., a not-for-profit organisation dedicated to finding treatments for Huntington's disease.

Financial support for the publication of this thesis was kindly provided by: the Dutch Huntington Association, Guerbet Nederland B.V., Philips Medical Systems Nederland B.V., Sectra Benelux B.V. and Lundbeck B.V.

Cover: Each brain on the cover represents one of the ninety participants that took part in the TRACK-HD research in Leiden.
