## **Curriculum Vitae**

Usman Hadi was born on 30 June 1954 in Temanggung, Central Java, Indonesia. He graduated from Sekolah Menengah Atas Negeri-1 (SMAN-1) senior high school in Temanggung in 1972. After he graduated from the Airlangga university medical school in 1981, he worked in the public health centre of Jembatan-Kembar village, Gerung sub-district, Lombok-Barat District, West Nusatenggara province until 1986. In June 1986 he started training in the Internal Medicine Department of Dr. Soetomo Hospital/Airlangga University and graduated as internal medicine specialist in 1990. From 1991 to 1993, he worked in the Pacitan General Hospital in the East of Java. Next, he was accepted as staff member of the Department of Internal Medicine Dr. Soetomo Hospital/ Airlangga University School of Medicine, Surabaya, Indonesia.

His PhD research was performed between the year 2000 and 2005 in Surabaya and Semarang, Indonesia.

## List of publications

- Author            Clinical Pattern & Bacteria Sensitivity isolates from faeces to Antibiotic  
in Adult with Acute Diarrhea  
Acta Medica Indonesiana XXVII, April 1995
- Co-author        Fatal Falciparum Malaria patients: Acute Renal Failure and Pulmonary  
Edema Complications  
Acta Medica Indonesiana XXIX, No. 3, July-September 1997
- Author            Antimicrobial Usage Pattern and Flora Bacteria Resistant Pattern in  
Patients Soetomo Hospital Research Bulletin, Vol. 2. No. 2, June 2000
- Co-author        Genetic Analysis of Emerging Fluoroquinolone Resistance *Escherichia*  
*Coli*  
Emerging Infectious Diseases, 2005 Sep;11(9):1363-9
- Co-author        Surveillance of healthcare-associated infections in Indonesian hospitals  
Journal of Hospital Infection, 2006 Feb;62(2):212-29
- Co-author        Penurunan Penggunaan Antibiotik pada Pasien anak dengan Demam  
Sari Pediatri, 2006
- Author            Antimicrobial Resistance and antibiotic use in Low-Income and  
developing countries  
Folia Medica Indonesiana Vol 42 No. 3, July 2006
- Co-author        Preventing nosocomial infections: improving compliance with standard  
precaution in Hospital  
Journal of Hospital Infection, 2006 Sep;64(1):36-43
- Co-author        Determinans of carriage of resistant *Escherichia coli* in the Indonesian  
population inside and outside hospitals  
Journal of Antimicrobial Chemotherapy, 2007 Aug;60(2):377-84
- Co-author        Antimicrobial resistance among commensal isolates of *Escherichia coli*  
and *Staphylococcus aureus* in the Indonesian population inside and  
outside hospitals  
European Journal of Clinical Microbiology and Infectious Disease,  
2008 Jan;27(1):45-51

- Author            Survey of antibiotic use of individuals visiting public healthcare facilities in Indonesia  
International Journal of Infectious Diseases, 2008  
Doi:10.1016/j.ijid.2008.01.002
- Author            Audit of antibiotic prescribing in two governmental teaching hospitals in Indonesia  
Clinical Microbiology and Infection, 2008 Jul; 14(7):698-707
- Author            Optimizing antibiotic usage in adults admitted with fever by a multifaceted intervention in an Indonesian governmental hospital.  
Tropical Medicine and International Health, 2008 Jul;13(7):888-99
- Co-author        Unusually high prevalence of panton-valentine leukocidin genes among methicillin-sensitive *Staphylococcus aureus* strains carried in the Indonesian population.  
Journal Clinical Microbiology 2008 Jun;46(6):1989-95.
- Co-author        Comparison of the accuracy of disk diffusion zone diameters obtained by manual zone measurements to that by automated zone measurements to determine antimicrobial susceptibility.  
J Microbiol Methods 2008 Jun 26
