**HUMAN OESOPHAGOSTOMIASIS:
CLINICAL PRESENTATIONS AND SUBCLINICAL COLONIC PATHOLOGY**

PROEFSCHRIFT

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus Dr. D. D. Breimer,
hoogleraar in de faculteit der Wiskunde en
Natuurwetenschappen en die der Geneeskunde
volgens besluit van het College voor Promoties
te verdedigen op donderdag 15 februari 2001
te klokke 16.15 uur

door

Philip Andrew Storey

geboren te Birmingham (Engeland) in 1972

PROMOTIE COMMISSIE

Promotor: Prof. Dr. A.M. Deelder

Co-promotores: Dr. A.M. Polderman
Dr. P. Magnussen (Danish Bilharziasis Laboratory, Denemarken)

Referent: Dr. C.F.R. Hatz (Swiss Tropical Institute, Zwitserland)

Overige leden: Prof. Dr. J.A. Bruijn
Prof. Dr. J.M. Wit
Dr. J.A. van Oostayen

CONTENTS

Chapter 1	General Introduction	1
Clinical oesophagostomiasis: Ch 2 - 4		
Chapter 2	Clinical epidemiology and classification of human oesophagostomiasis	15
Chapter 3	Ultrasound diagnosis of clinical oesophagostomiasis	29
Chapter 4	Effective treatment of clinical oesophagostomiasis with albendazole	39
Subclinical <i>O. bifurcum</i> induced colonic pathology: Ch 5 - 9		
Chapter 5	Ultrasound detection and assessment of pre-clinical <i>O. bifurcum</i> induced colonic pathology	45
Chapter 6	Confirmation of the ultrasound appearance of pre-clinical <i>O. bifurcum</i> induced colonic pathology	55
Chapter 7	Sonographical diagnosis and assessment of <i>O. bifurcum</i> induced colonic pathology: intra- and inter-observer variation	59
Chapter 8	Natural progression of <i>O. bifurcum</i> pathology and infection in a rural community of northern Ghana	67
Chapter 9	The effect of albendazole on <i>O. bifurcum</i> infection and pathology in children from rural northern Ghana	79
Chapter 10	General Discussion	91

COVER

Design by Joost Polderman.

Adult *Oesophagostomum bifurcum*, illustrating the 'stomum', an excretory pore situated adjacent to the worm's oesophagus, and prompting the genus name 'Oesophagostomum'.

PICTURES

Coby Blotkamp	Front cover, Chapter 1 (Life cycle diagram: Colonic wall histology, <i>O. bifurcum</i> L3, Adult <i>O. bifurcum</i> , Strongyle egg; Figure 1), Appendix 1 (<i>O. bifurcum</i> L3, Hookworm L3, Strongyloides larvae). Chapter 1 (Figure 4)
Esther Hauben	

TRANSLATION

Samenvatting	Ton Polderman

FINANCIAL SUPPORT

Two annual 'Award to Individuals' and a vehicle bursary were awarded by The Leverhulme Trust (London, England), and a grant was received from The Sir Halley Stewart Trust (Cambridge, England). The Danish Bilharziasis Laboratory (Copenhagen, Denmark) and the Parasitology Department of the University of Leiden (The Netherlands) provided financial support.
