Hierarchical Organization of the Circadian Timing System

Hierarchical Organization of the Circadian Timing System

Proefschrift
ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus Dr. D.D. Breimer,
hoogleraar in de faculteit der Wiskunde en
Natuurwetenschappen en die der Geneeskunde,
volgens besluit van het College voor Promoties
te verdedigen op woensdag 21 juni 2006
klokke 15.15 uur
door

Marry Johanna van Steensel

geboren te Rotterdam
in 1978

PROMOTIECOMMISSIE

Promotor	Prof. dr. H.J. Tanke
Co-promotor	Dr. J.H. Meijer
Referent	Prof. dr. G.D. Block (University of Virginia, Charlottesville)
Overige leden	Prof. dr. A. Dahan Dr. G.J. Lammers

ISBN-10: 90-9020610-8

ISBN-13: 978-90-9020610-3

The research of this thesis was supported by Leiden University Medical Center Excellent Student Trajectory, Leiden University Medical Center ASPASIA grant, Netherlands Organisation for Scientific Research grant 425-204-02 and National Institutes of Health grant MH62517 to G.D. Block.

Printing of this thesis was financially supported by

- Charles River Nederland
- Harlan Nederland
- Nederlandse vereniging voor Slaap-Waak Onderzoek (NSWO)
- Van Leersumfonds KNAW

CONTENTS

Introduction	9
Chapter 1	13
Organization of cell and tissue pacemakers in the circadian timing system; A comparison between species	
Chapter 2	73
Differential responses of circadian activity onset and offset following GABA-ergic and opioid receptor activation	
Chapter 3	87
The opioid fentanyl affects light input, electrical activity and <i>Per</i> gene expression in the hamster suprachiasmatic nuclei	
Chapter 4	109
Sleep states alter activity of suprachiasmatic nucleus neurons	
Chapter 5	123
Dissociation between circadian <i>Per1</i> and neuronal and behavioral rhythms following a shifted environmental cycle	
Chapter 6	139
A GABAergic mechanism is necessary for coupling dissociable ventral and dorsal regional oscillators within the circadian clock	
Summary and Conclusion	161
Samenvatting en Conclusie	165
List of Publications	171
Curriculum vitae	173
