*Voor mijn ouders,  
mijn man,  
onze kinderen*

Je crois qu'on entend encore dans les entrées d'immeubles l'écho des pas de ceux qui avaient l'habitude de les traverser et qui, depuis, ont disparu. Quelque chose continue de vibrer après leur passage, des ondes de plus en plus faibles, mais que l'on capte si l'on est attentif.

Patrick Modiano, *Rue des Boutiques Obscures*, 1978
