# Refinement of antisense oligonucleotide mediated exon skipping as therapy for Duchenne muscular dystrophy

Proefschrift

ter verkrijging van  
de graad van Doctor aan de Universiteit Leiden,  
op gezag van Rector Magnificus prof.mr. P.F. van der Heijden,  
volgens besluit van het College voor Promoties  
te verdedigen op woensdag 26 oktober 2011  
klokke 11.15 uur

door

Johannes Antonius Heemskerk

geboren te Haarlem in 1979

## **Promotiecommissie**

Promotor: Prof. Dr. Gert-Jan B. van Ommen

Co-promotor: Dr. Annemieke Aartsma-Rus

Overige leden:  
Prof. Dr. Johan T den Dunnen  
Prof. Dr. Jan Verschueren  
Dr. Jennifer E Morgan  
(UCL Institute of Child Health, Londen, GB)

The studies described in this thesis have been performed at the Leiden University Medical Center, department of human genetics. This work was financially supported by the Dutch Duchenne Parent Project, the Center for Biomedical Genetics, ZonMw, SenterNovem, the TREAT-NMD network of excellence and Telethon Italy.

## Table of contents

<b>Chapter 1</b>	<b>7</b>
General introduction	
1.1 Duchenne muscular dystrophy	9
1.2 Treatment of DMD	19
1.2.1 Current treatment	19
1.2.2 Potential therapies	21
1.3 Antisense oligonucleotide mediated exon skipping	29
1.3.1 Refinement of antisense oligonucleotide mediated exon skipping	32
1.4 Concluding remarks	42
1.5 References	44
<b>Chapter 2</b>	<b>65</b>
<i>In vivo</i> comparison of 2'-O-methyl phosphorothioate and morpholino antisense oligonucleotides for Duchenne muscular dystrophy exon skipping	
<b>Chapter 3</b>	<b>77</b>
Development of antisense-mediated exon skipping as a treatment for Duchenne muscular dystrophy	
<b>Chapter 4</b>	<b>89</b>
Pre-clinical PK and PD studies on 2'O-methyl-phosphorothioate RNA antisense oligonucleotides in the <i>mdx</i> mouse model	
<b>Chapter 5</b>	<b>99</b>
Accurate quantification of dystrophin mRNA and exon skipping levels in Duchenne muscular dystrophy	
<b>Chapter 6</b>	<b>109</b>
Identification of peptides for tissue specific delivery	
<b>Summary</b>	<b>133</b>
<b>Nederlandse samenvatting</b>	<b>136</b>
<b>Abbreviations</b>	<b>139</b>
<b>Curriculum vitae</b>	<b>140</b>
<b>Publication list</b>	<b>141</b>
<b>Dankwoord</b>	<b>142</b>
