Author: Kepinska, O.

Title: The neurobiology of individual differences in grammar learning

Issue Date: 2017-06-01

THE NEUROBIOLOGY
OF INDIVIDUAL
DIFFERENCES IN GRAMMAR LEARNING

Olga Kepinska

The Neurobiology of Individual Differences in Grammar Learning

Cover design: Olga Kepinska & Bobby Ruijgrok

The Neurobiology of Individual Differences in Grammar Learning

PROEFSCHRIFT

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van Rector Magnificus prof. mr. C.J.J.M. Stolker,
volgens besluit van het College voor Promoties
te verdedigen op donderdag 1 juni 2017
klokke 10.00 uur

door
Olga Kepinska
geboren te Wrocław, Polen
in 1986

PROMOTOR:

Prof. dr. N.O. Schiller

CO-PROMOTOR:

Dr. J. Caspers

COMMITTEE:

Dr. N.H. de Jong

Prof. dr. C.C. Levelt

Dr. S. Reiterer (University of Vienna)

Prof. dr. S.A.R.B. Rombouts

Table of Contents

| | |
|--|-----------|
| Table of Contents | 5 |
| Chapter 1 General introduction | 9 |
| 1.1 Introduction | 11 |
| 1.2 Language aptitude research | 12 |
| 1.3 Scope of the present study | 15 |
| 1.4 Methodology | 16 |
| 1.4.1 LLAMA measurement..... | 17 |
| 1.4.2 Grammar learning task | 20 |
| 1.4.3 Neuroimaging methods..... | 21 |
| 1.5 The neurobiology of individual differences in grammar learning..... | 23 |
| Chapter 2 Connectivity of the hippocampus and Broca's area during acquisition of a novel grammar | 25 |
| 2.1 Introduction | 27 |
| 2.2 Methods..... | 30 |
| 2.2.1 Participants | 30 |
| 2.2.2 Stimuli and design | 31 |
| 2.2.3 Neuroimaging data acquisition and pre-processing | 31 |
| 2.2.4 Data analysis | 32 |
| 2.3 Results..... | 34 |
| 2.3.1 Behavioural data | 34 |
| 2.3.2 PPI results | 35 |
| 2.4 Discussion | 39 |
| 2.4.1 Interactions of the hippocampal system and the prefrontal cortex?..... | 41 |
| 2.4.2 Connectivity of the hippocampus and Broca's area during the whole task..... | 42 |

| | | |
|------------------|---|-----------|
| 2.4.3 | Dynamics of functional connectivity during novel grammar learning..... | 44 |
| 2.5 | Conclusion..... | 45 |
| 2.6 | Acknowledgements..... | 46 |
| | | |
| Chapter 3 | Whole-brain functional connectivity during acquisition of novel grammar: distinct functional networks depend on language learning abilities..... | 47 |
| 3.1 | Introduction..... | 49 |
| 3.1.1 | Functional networks of the brain and individual differences in L2 acquisition..... | 50 |
| 3.1.2 | Language aptitude and language analytical ability..... | 51 |
| 3.1.3 | Whole-brain functional connectivity approach..... | 52 |
| 3.1.4 | Hypotheses..... | 53 |
| 3.2 | Materials and methods..... | 54 |
| 3.2.1 | Participants..... | 54 |
| 3.2.2 | Stimuli and design..... | 55 |
| 3.2.3 | Data acquisition..... | 56 |
| 3.2.4 | Data analysis..... | 56 |
| 3.3 | Results..... | 59 |
| 3.3.1 | Behavioural data..... | 59 |
| 3.3.2 | Functional connectivity networks involved in learning language rules..... | 60 |
| 3.3.3 | Group differences..... | 65 |
| 3.4 | Discussion and conclusions..... | 67 |
| 3.4.1 | Task-positive/language network..... | 68 |
| 3.4.2 | Default mode network..... | 70 |
| 3.4.3 | Working memory network..... | 71 |
| 3.4.4 | Visual areas..... | 72 |
| 3.4.5 | Cerebellar network..... | 73 |
| 3.4.6 | Emotional network..... | 73 |
| 3.4.7 | The interconnected brain during novel language rule learning..... | 74 |
| 3.5 | Acknowledgements..... | 76 |
| 3.6 | Supplementary material..... | 76 |
| | | |
| Chapter 4 | On neural correlates of individual differences in novel grammar learning: an fMRI study..... | 79 |
| 4.1 | Introduction..... | 81 |
| 4.1.1 | High cognitive skills for grammar learning..... | 81 |
| 4.1.2 | The artificial grammar learning paradigm..... | 83 |
| 4.2 | Methods..... | 85 |

| | | |
|------------------|---|------------|
| 4.2.1 | Pre-test..... | 85 |
| 4.2.2 | Participants | 85 |
| 4.2.3 | Stimuli and design | 86 |
| 4.2.4 | Data acquisition | 88 |
| 4.3 | Behavioural data | 88 |
| 4.3.1 | Effect of LAA..... | 88 |
| 4.3.2 | Learning patterns over time..... | 90 |
| 4.4 | Imaging data..... | 92 |
| 4.4.1 | Pre-processing | 92 |
| 4.4.2 | Higher level analyses | 93 |
| 4.4.3 | Results | 94 |
| 4.5 | Discussion and conclusions | 102 |
| 4.6 | Acknowledgements | 108 |
| 4.7 | Supplementary material | 109 |
| 4.7.1 | Stimulus material | 109 |
| 4.7.2 | Results | 113 |
| | | |
| Chapter 5 | Neural oscillatory mechanisms during novel grammar learning underlying language analytical abilities | 115 |
| 5.1 | Introduction | 117 |
| 5.2 | Materials and methods..... | 121 |
| 5.2.1 | Pre-test..... | 121 |
| 5.2.2 | Participants | 122 |
| 5.2.3 | Stimuli and design | 122 |
| 5.2.4 | EEG recording and pre-processing..... | 124 |
| 5.3 | EEG data analysis | 125 |
| 5.3.1 | Power spectrum analysis | 125 |
| 5.3.2 | Functional connectivity..... | 125 |
| 5.3.3 | Defining electrode clusters from PLV values..... | 126 |
| 5.3.4 | Statistical analysis | 127 |
| 5.4 | Results..... | 128 |
| 5.4.1 | Grammar learning task | 128 |
| 5.4.2 | Power spectra analysis..... | 129 |
| 5.4.3 | Phase synchrony analysis | 131 |
| 5.4.4 | Summary of the results..... | 137 |
| 5.5 | Discussion and conclusions | 137 |
| 5.6 | Acknowledgements | 144 |
| 5.7 | Supplementary material | 144 |
| 5.7.1 | Details on the estimation of the PS indices | 144 |
| 5.7.2 | Global PS values over time | 147 |

| | | |
|--------------------------------|---|------------|
| Chapter 6 | The perisylvian language network and language analytical abilities | 149 |
| 6.1 | Introduction | 151 |
| 6.2 | Methods | 152 |
| 6.2.1 | Participants | 152 |
| 6.2.2 | DTI data acquisition and processing | 153 |
| 6.2.3 | Statistical analysis | 154 |
| 6.3 | Results | 155 |
| 6.4 | Discussion | 156 |
| 6.5 | Conclusion | 159 |
| 6.6 | Acknowledgements | 159 |
| 6.7 | Supplementary material | 160 |
| Chapter 7 | General discussion | 163 |
| 7.1 | Summary of findings | 165 |
| 7.2 | Integration of findings | 168 |
| 7.2.1 | More (and better integrated) neural resources | 169 |
| 7.2.2 | Right-hemispheric involvement in the initial L2 grammar learning | 170 |
| 7.2.3 | Fronto-parietal contributions to novel grammar learning | 171 |
| 7.3 | Limitations and future research | 172 |
| 7.4 | Conclusion | 174 |
| References | | 175 |
| List of figures | | 205 |
| List of tables | | 209 |
| Appendix 1 | Participants' instructions explaining the procedure of the LLAMA tests | 211 |
| Appendix 2 | Participants' questionnaire | 219 |
| Samenvatting in het Nederlands | | 225 |
| Acknowledgments | | 231 |
| Curriculum vitae | | 233 |
