NOTES ON THE TRANSLITERATION OF ARABIC AND NUBIAN TERMS

Arabic words were transliterated in a simplified system of the *International Journal of Middle Eastern Studies* (IJMES). Some of the spellings of titles, personal names and place names preferred the ones that are widely used to keep the familiarity (e.g. Khartoum, Erenetta, Abri, Khashim el Gibra). For personal names, when the person provided the transliteration, these were kept as provided. Articles (al) were omitted unless they appear in the middle of sentences, toponyms or personal names. Countable terms were kept in a singular form (e.g. *ʿumda, raʾīs, ʿumdaiya*).

Nubian spellings are inconsistent and may contain errors.
