Optimizing triage and treatment strategies in urinary tract infection

Proefschrift

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus prof. mr. C.J.J.M Stolkers,
volgens besluit van het College voor Promoties
te verdedigen op woensdag 8 mei 2019
klokke 16.15 uur

door

Janneke Evelyne Stalenhoef
geboren te Nijmegen
in 1977

Promotor

Prof. dr. J.T. van Dissel

Co-promotor

Dr. C. Van Nieuwkoop

Leden promotiecommissie

Prof. dr. S.E. Geerlings (Universiteit van Amsterdam)

Prof. dr. C.M.P.M. Hertogh (Universiteit van Amsterdam)

Prof. dr. I.M. Hoepelman (Universiteit Utrecht)

Prof. dr. R.C.M. Pelger

CONTENTS

Chapter 1	Introduction and outline of the thesis.	7
Chapter 2	Hospitalization for community-acquired febrile urinary tract infection: validation and impact assessment of a clinical prediction rule.	21
Chapter 3	Biomarker guided triage can reduce hospitalization rate in community acquired febrile urinary tract infection.	45
Chapter 4	Treatment duration of febrile urinary tract infection: a pragmatic randomized, double-blind, placebo-controlled non-inferiority trial in men and women.	67
Chapter 5	Procalcitonin, mid-regional proadrenomedullin and C-reactive protein in predicting treatment outcome in community-acquired febrile urinary tract infection.	87
Chapter 6	Intravesical gentamicin treatment for recurrent urinary tract infections caused by multidrug-resistant bacteria.	105
Chapter 7	Fecal Microbiota Transfer for Multidrug-Resistant Gram-Negatives: A Clinical Success Combined With Microbiological Failure.	123
Chapter 8	Comparative virulotyping of extended-spectrum cephalosporin-resistant <i>E. coli</i> isolated from broilers, humans on broiler farms and in the general population and UTI patients.	131
Chapter 9	The use of automated urine microscopy analysis in the clinical diagnosis of urinary tract infection; defining an optimal diagnostic score in an academic medical center population.	145
Chapter 10	Summary and general discussion	161
	Nederlandse samenvatting	177
	Dankwoord	189
	Lijst van deelnemende centra	190
	List of publications	192
	Curriculum Vitae	194
