Title: Adjuvant treatment for endometrial cancer: efficacy, toxicity and quality of life

Issue Date: 2019-11-12

A watercolor illustration of a coastline. The top half of the image is dominated by deep blue and purple washes, representing the sea or sky. The bottom half is a warm, golden-yellow wash representing the land. A thin white line separates the two, with a small figure of a person standing on the yellow shore. The overall style is soft and artistic.
