Only the most wise and the most foolish do not change

— Confucius (The analects of Confucius translated by A. Charles Muller, 1990)

TABLE OF CONTENTS

| | | |
|-------------------|--|-----|
| Chapter 1 | General introduction | 9 |
| Chapter 2 | Surgical removal of inflamed epididymal white adipose tissue attenuates non-alcoholic steatohepatitis in obesity | 29 |
| Chapter 3 | Reduction of obesity-associated white adipose tissue inflammation by rosiglitazone is associated with reduced non-alcoholic fatty liver disease in LDLr-deficient mice | 55 |
| Chapter 4 | Intervention with the CCR2 inhibitor propagermanium attenuates diet-induced insulin resistance, adipose tissue inflammation and non-alcoholic steatohepatitis | 89 |
| Chapter 5 | Intervention with a caspase-1 inhibitor reduces obesity-associated hyperinsulinemia, non-alcoholic steatohepatitis (NASH) and hepatic fibrosis in LDLr ^{-/-} .Leiden mice | 115 |
| Chapter 6 | Replacement of dietary saturated fat by PUFA-rich pumpkin seed oil attenuates non-alcoholic fatty liver disease and atherosclerosis development, with additional health effects of virgin over refined oil | 135 |
| Chapter 7 | Macrovesicular steatosis is associated with development of lobular inflammation and fibrosis in diet-induced non-alcoholic steatohepatitis (NASH) | 165 |
| Chapter 8 | Summary and general discussion | 183 |
| Chapter 9 | Nederlandse samenvatting | 207 |
| Appendices | List of publications | 215 |
| | Curriculum Vitae | 216 |
| | Dankwoord | 219 |
