Systems biology for evaluating system-based medicine

Thesis, Leiden University, 2012

ISBN: 978-90-74538-77-0

Cover: Lotus leaves in Daming Lake, a picture taken by Dr. Shiyu Zhou. Lotus leaf belongs to Chinese herbal medicine. It is the beautiful Chinese element and also the nice symbol of human life. It grows from the mud (sub-conscious) to become an open flower (conscious life). This picture contains information of a small ecosystem — lotus leaf, ladybugs on lotus leaf, sticks, unknown microorganisms under the bubbles, water and so on.

Promotiecommissie

Promotoren:	Prof. Dr. T. Hankemeier Prof. Dr. J. van der Greef
Co-promotoren:	Dr. M. Wang Dr. R. van der Heijden
Overige leden:	Prof. Dr. Ir. A.M. Havekes Prof. Dr. M. Danhof Prof. Dr. J. Bouwstra Prof. Dr. R.F. Witkamp

The studies presented in this thesis were performed at the Division of Analytical Biosciences of the Leiden/Amsterdam Center for Drug Research (LACDR), Leiden University, Leiden, The Netherlands.

The research described in this thesis was financially supported by a Joint Ph.D. Training grant (Number 05-PhD-07) within the China Exchange Programme between the Royal Netherlands Academy of Arts and Sciences (KNAW) and the Chinese Academy of Sciences (CAS).

Contents

Chapter 1	
General introduction and scope	5
Chapter 2	
Analytical strategies in lipidomics and applications in diseases biomarker discovery	13
Chapter 3	
RPLC-ion-trap-FTMS method for lipid profiling of plasma: method validation and application to p53 mutant mouse model	37
Chapter 4	
Linking biological activity with herbal constituents by systems biology-based approaches: effects of <i>Panax ginseng</i> in type 2 diabetic Goto-Kakizaki rats	63
Chapter 5	
Plasma and liver lipidomics response to an intervention of rimonabant in ApoE3*Leiden.CETP transgenic mice	83
Chapter 6	
Lipidomics reveals multiple pathway effects of a multi-component preparation on lipid biochemistry in ApoE3*Leiden.CETP mice	111
Chapter 7	
Conclusion remarks and perspectives	133
Summary	139
Samenvatting	143
List of publications	147
Curriculum vitae	149
Acknowledgements	151
