Focal Adhesion Kinase Signaling in Metastasis and Breast Cancer Treatment

PROEFSCHRIFT

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van de Rector Magnificus, prof.mr. P.F. van der Heijden,
volgens besluit van het College voor Promoties
te verdedigen op woensdag 21 maart 2007
klokke 13.45 uur

door

Maria Jannetje van Nimwegen

geboren te Middelharnis

op 15 februari 1979

PROMOTIECOMMISSIE

Promotor : Prof. Dr. B. van de Water

Referent : Prof. Mr. Dr. R. Fodde

Overige leden : Prof. Dr. M. Danhof
Prof. Dr. A.P. IJzerman
Prof. Dr. P. Devilee
Prof. Dr. R. A. E. M. Tollenaar
Dr. G. van der Pluijm

The study described in this thesis was supported by a grant of the Dutch Cancer Society (UL-2001-2477) and was performed at the division of Toxicology of the Leiden Amsterdam Center for Drug Research (LACDR), The Netherlands.

The printing of this thesis was financially supported by:

Dutch Cancer Society (KWF)

J.E. Jurriaanse Stichting

LACDR

Dr. Ir. Van de Laar Stichting

Printing: Ponsen & Looijen BV

"If I drive myself to the brink of my ability, then I don't get stale or bored"

Dean Koontz

CONTENTS

Chapter 1	General Introduction: Breast Cancer Development, Metastasis and Treatment	5
Chapter 2	Focal Adhesion Kinase: A Potential Target in Cancer Therapy	19
Chapter 3	Focal Adhesion Kinase (FAK) and Protein Kinase B Cooperate to Suppress Doxorubicin-Induced Apoptosis of Breast Tumor Cells	45
Chapter 4	An Improved Method to Study NK-Independent Mechanisms of Breast Cancer Lung Metastasis	69
Chapter 5	Requirement for Focal Adhesion Kinase in the Early Phase of Mammary Adenocarcinoma Cell Lung Metastasis Formation	87
Chapter 6	Focal Adhesion Kinase (FAK) Inhibition Ameliorates Doxorubicin Resistance of Mammary Adenocarcinoma Tumors and Lung Metastases	109
Chapter 7	Genome-Wide Expression Profiling of FAK-Dependent Signaling in Doxorubicin-Induced Apoptosis of Breast Tumor Cells	127
Chapter 8	General Discussion and Conclusions	145
Chapter 9	Nederlandse Samenvatting	163
	Publicaties	171
	Curriculum Vitae	173
	Dankwoord	175
