# **Advanced genome-wide screening in human genomic disorders**

Proefschrift

ter verkrijging van  
de graad van Doctor aan de Universiteit Leiden  
op gezag van Rector Magnificus prof. mr. P.F. van der Heijden,  
volgens besluit van het College voor Promoties  
te verdedigen op dinsdag 24 februari 2009  
klokke 15.00 uur

door

**Jeroen Knijnenburg**

geboren te Borculo  
in 1977

## Promotiecommissie

Promotor: Prof. dr. H.J. Tanke

Co-promotor: Dr. K. Szuhai

Commissieleden: Prof. dr. M.R. Speicher (Medizinische Universität, Graz)  
Prof. dr. A.K. Raap  
Prof. dr. M.H. Breuning

ISBN: 978-90-8570-270-2

Printed by: Wöhrmann Print Service, Zutphen, the Netherlands

Financial support for the printing of this thesis was generously provided by:  
MRC Holland, Amsterdam, the Netherlands

## Contents

Chapter 1:	Introduction	7
Chapter 2:	Insights from genomic microarrays into structural chromosome rearrangements <i>Am J Med Genet A (2005);132(1):36-40</i>	33
Chapter 3:	Array-CGH detection of micro rearrangements in mentally retarded individuals: clinical significance of imbalances present both in affected children and normal parents <i>J Med Genet (2006);43(2):180-6</i>	47
Chapter 4:	Diagnosis of genetic abnormalities in developmentally delayed patients: a new strategy combining MLPA and array-CGH <i>Am J Med Genet A (2007);143(6):610-4</i>	61
Chapter 5:	Array-CGH detection of a cryptic deletion in a complex chromosome rearrangement <i>Hum Genet (2005);116(5):390-4</i>	71
Chapter 6:	Ring chromosome formation as a novel escape mechanism in patients with inverted duplication and terminal deletion <i>Eur J Hum Genet (2007);15(5):548-55</i>	81
Chapter 7:	Molecular and clinical characterization of <i>de novo</i> and familial cases with microduplication 3q29: guidelines for copy number variation case reporting <i>Cytogenet Genome Res (2008);123 (DOI:10.1159/000184693)</i>	93
Chapter 8:	A homozygous deletion of a normal variation locus causes syndromic hearing loss in a patient from non-consanguineous parents <i>submitted</i>	117
Chapter 9:	Discussion	129
	Summary	137
	Samenvatting	139
	Curriculum Vitae	141
	List of publications	143
