Plaisier M, **Rodrigues SP**, Willems F, Koolwijk P, van Hinsbergh VW, Helmerhorst FM. Different degrees of vascularization and their relationship to the expression of vascular endothelial growth factor, placental growth factor, angiopoietins, and their receptors in first-trimester decidual tissues. *Fertil Steril.* 2007 Jul;88(1):176-87.

CURRICULUM VITAE

Sharon Rodrigues was born on the September 28th 1980 in Paramaribo, Surinam. She moved to the Netherlands and went to primary school in Hoorn. In 2000 she graduated from secondary school (VWO) in Den Haag and started medical school at the Leiden University. In 2006 she finished medical school and she started to work as a physician at the department of gynaecology in the Sint Fransiscus Gasthuis, Rotterdam (Dr. A.Th. Alberda). In 2009 she started her PhD program as an AIOSKO at the department of Minimally Invasive Surgery, Gynaecology at the LUMC (Prof. Dr. F.W. Jansen) in close collaboration with the Delft University of Technology (Prof. Dr. J. Dankelman), which resulted in this thesis.

In July 2011 she started her official residency program in Obstetrics and Gynaecology at the Groene Hart Ziekenhuis, Gouda (Dr. J.C.M. van Huisseling). She is currently continuing her residency at the department of Obstetrics and Gynaecology, LUMC, Leiden (Prof. Dr. J.M. van Lith).
