Author: Koier, Elizabeth

Title: Interpreting particles in dead and living languages : a construction grammar approach to the semantics of Dutch *ergens* and Ancient Greek *που*

Issue Date: 2013-03-28

APPENDIX B

The statistics of survey 1

On the next page there is an overview of the results of the test results for each individual sentence in survey 1. The other test results were provided within the chapter itself, as they consisted of only one or few test statistics. The one sentence that was not significant is discussed in section 3.4.4 example (24).

| | | | | | | | | | | | | | | | |
