Abishkar Subedi

New species, pollinator interactions and pharmaceutical potential of Himalayan orchids

Front cover	: <i>Coelogyne prolifera</i> growing around large ant nest on trunk of <i>Schima wallichii</i> in Nepal (photograph by Abishkar Subedi)
Design and layout	: René Glas (www.reneglas.com)
Drawings	: Esmée Winkel
Photographs	: Barbara Gravendeel, Bertie-Joan van Heuven, Theodoor Heijerman, Xiao H. Jin, Kees Koops, Bimal Kunwar, Frederic Lens, Piotr Markiewicz, Malcolm Perry, Rob Poot, Bhakta B. Raskoti, Abishkar Subedi
Printer	: Wöhrmann print service, Zutphen
Chapter 2	: in review with <i>Annals of the Missouri Botanical Garden</i>
Chapter 3	: published in <i>Nordic Journal of Botany</i>
Chapter 4	: published in <i>American Journal of Botany</i>
Chapter 5	: submitted to <i>Journal of Ethnopharmacology</i>

Contents

Chapter 1 •	Introduction	7
Chapter 2 •	Taxonomic revision of <i>Coelogyne</i> sect. <i>Ocellatae</i> (in review with <i>Ann. Mo. Bot. Gard.</i>)	13
Chapter 3 •	A new species of <i>Panisea</i> from Central Nepal (<i>Nord. J. Bot.</i> 29(3): 361-365)	59
Chapter 4 •	Pollination and protection against herbivory of Nepalese Coelogyneae (<i>Am. J. Bot.</i> 98: 1095-1103)	67
Chapter 5 •	Medicinal use and trade of wild orchids in Nepal (submitted to <i>J. Ethnopharmacol.</i>)	83
Chapter 6 •	Summary and Conclusions	111
	Nederlandse samenvatting	115
	References	119
Appendix I	Voucher information of taxa studied	129
Appendix II	List of species and accessions used for DNA sequencing	131
Appendix III	List of characters used for construction of identification keys of <i>Coelogyne</i>	133
Appendix IV	List of characters used for construction of identification key of <i>Panisea</i>	135
	Curriculum Vitae	137
	Acknowledgements	139
