African Postal Heritage

APH Paper Nr 15, part 5

Ton Dietz

NATAL: POSTMARKS N-R

Version January 2017

Introduction

Postage stamps and related objects are miniature communication tools, and they tell a story about cultural and political identities and about artistic forms of identity expressions. They are part of the world's material heritage, and part of history. Ever more of this postal heritage becomes available online, published by stamp collectors' organizations, auction houses, commercial stamp shops, online catalogues, and individual collectors. Virtually collecting postage stamps and postal history has recently become a possibility. These working papers about Africa are examples of what can be done. But they are work-in-progress! Everyone who would like to contribute, by sending corrections, additions, and new area studies can do so by sending an email message to the APH editor: Ton Dietz (dietzaj@asc.leidenuniv.nl). You are welcome!

Addressed to "Alan E. Ede Esqre / Ngoka River / Newcastle / Natal / South Africa" and endorsed "viâ Plymouth / Pr 'Spartan' / June 20, 1884". Upon arrival in Natal, the cover was readdressed to "Moodies Reef" (ZAR). The postage to the ZAR was receipted by the affixing of a single Natal QV 4d brown (SG 102) tied by a Newcastle (21 July) datestamp. Plymouth (20 June), G.P.O. Natal (17 July), Newcastle (21 July) and M.W. Stroom / Transvaal (22 July) transit / arrival backstamps. A very fine and scarce example of redirected mail, especially to the ZAR goldfields. Alan Ede along with Sam Newmarsh, J T Rimer and R Otto discovered the Umvoti Reef early in 1884."

Newcastle was occupied by Boer forces in 1899

Spink 2014, p. 24:

“ Newcastle:

1900 (29 Apr.) O.F.S. 1d. brown reply paid card to Holland, cancelled with a good strike of the “New Castle/29, April 1900” datestamp in blue with Pretoria (1.5) and Ginneken arrival (7.6) c.d.s.; also O.F.S. 21/2d. on 3d. tied on small piece by “P.K./Newcastle/12, Maart 1900” datestamp. *Photo Nr 55, see Modderspruit*

1899 (26 Oct.) envelope to Pretoria, bearing 1d. on 21/2d. cancelled by a superb strike of the “P.K. Newcastle 26 10 99” datestamp in violet (used for four days only), forwarded on to Dundee where the stamp has been cancelled by double-ring datestamp (2.11), Volksrust (4.11), Dundee (3.11) and Pretoria (6.11) c.d.s. on reverse; scarce and most attractive with just five such strikes recorded. *Photo Nr 56, see Modderspruit.* Note: Newcastle was occupied by the Boer Commandos on 14 October.

1899 (30 Oct.) envelope to Johannesburg, marked “Veld Dienst” and bearing 1d. (3) and 1/2d. (blocks of four and eight, both on reverse) cancelled with fine strikes of the rare “P.K. Newcastle 30 10 99” datestamp in violet, arrival c.d.s. (1.10). A spectacular franking with this rare and short-lived datestamp. *Photo Nr 57, see below.*

1899 (30 Oct.) envelope to Petrusville, marked "Veldt Dienst" and bearing 1d. rose-red and green cancelled by fine "P.K. Newcastle 30 10 99" datestamp (the last day of usage of this marking), censor label at right and Johannesburg c.d.s. (1.11) on reverse; the censor label is the earliest recorded used at Johannesburg from the Boer invasion of Natal. *Photo Nr 58, see below.*

1899 (28 Nov.) envelope "via Delagoa Bay" to Natal, bearing 1d. rose-red and green cancelled by fine "P.K. Newcastle/*Z.A.R*/28 NOV 1899," datestamp in violet, large part Boer censor label, the reverse with a good strike of the rare local censor "Wd. ResidentVrederechter, Kantoor/Newcastle, 28 Nov 1899." datestamp in violet, Johannesburg (29.11) c.d.s., British Officially Sealed label and Durban (6.12) c.d.s.; the envelope with face panel soiled and with vertical crease though the earliest of the five recorded strikes of the censor handstamp. Also 1/2d. green pair tied on piece by superb "PK/Newcastle/5. Maart 1900" datestamp. *Photo Nr 59, see below.*

1899 (4 Dec.) envelope (a little soiled) to Holland, bearing 21/2d. blue and green cancelled by "P.K. NewCastle./*Z.A.R*/4 Dec 1899" datestamp, Johannesburg (5.12) and Schiedam (22.1) c.d.s. on reverse; also unaddressed envelope (small tear) bearing 1d. pair with two fine strikes of the same datestamp. *No photo.*

The PENNY CONCESSIONARY RATE paid with single Natal QV 1d. The sender was "No797 T Heap 6th Dragoons" the cover bearing required endorsements and Officer's countersignature for this military concessionary rate. Some traces light ageing, a superior pleasing example of this early period campaign mail from the regiment deployed to quell unrest following the Zulu War and First Boer War. Rare."
