Universiteit Leiden

The handle <http://hdl.handle.net/1887/55842> holds various files of this Leiden University dissertation

**Author:** Oussoren, Saskia

**Title:** Chemical biology of glucosylceramide metabolism : fundamental studies and applications for Gaucher disease

**Date:** 2017-09-28

# **Chemical Biology of Glucosylceramide metabolism**

*Fundamental studies and applications for Gaucher Disease*

## PROEFSCHRIFT

Ter verkrijging van  
de graad van Doctor aan de Universiteit Leiden,  
op gezag van Rector Magnificus prof. mr. C.J.J.M. Stolker  
volgens het besluit van het College voor Promoties  
Te verdedigen op donderdag 28 september 2017  
Klokke 11:15 uur

door

**Saskia Victoria Oussoren**

Geboren te Koog aan de Zaan, Nederland

in 1988

## Promotiecommissie

Promotor Prof. dr. J.M.F.G. Aerts

Co-Promotor Dr. R.G. Boot

Overige leden Prof. dr. M.H.M. Noteborn

Prof. dr. A.H. Meijer

Prof. dr. T.M. Cox, Universiteit van Cambridge

Prof. dr. E. Lutgens, Universiteit van Amsterdam

Cover design: Stefan Oussoren

## Table of contents

### General Introduction

7

### Thesis outline

41

### Chapter 1

Augmentation of lysosomal glucocerebrosidase by the inhibition of its lysosomal proteolysis

45

### Chapter 2

Stabilization of glucocerebrosidase by active-site occupancy

65

### Chapter 3

Chemical probing of the catalytic pocket of glucocerebrosidase with photoactivatable glucosylceramide and activity-based probes

93

### Chapter 4

Intralysosomal stabilization of glucocerebrosidase by LIMP-2: potential implications for efficacy of ERT

109

### Chapter 5

Lipid abnormalities in LIMP-2 deficient mice

131

### Chapter 6

Metabolic adaptations to defective lysosomal glycosphingolipid degradation – hypothesis review

163

### Chapter 7

$\beta$ -Xylosidase and transxylosylase activities of human glucocerebrosidase

189

### Discussion

207

### Addendum

Simultaneous quantitation of sphingoid bases by UPLC-ESI-MS/MS with identical  $(13)\text{C}$ -encoded internal standards.

235

### Summary

257

### Dutch Summary

263

### List of publications

269

### Curriculum Vitae

271

### Acknowledgements
