Title: Shape analysis for phenotype characterisation from high-throughput imaging

Date: 2017-10-17

The background of the cover is a traditional Chinese ink wash painting. It depicts a rural scene with several figures in traditional attire. One figure in a yellow shirt is seated on the left, another in a green and red outfit is on the right. There are large, gnarled trees, a butterfly in the center, and various plants and flowers. The style is characteristic of classical Chinese landscape painting, with fine lines and subtle washes of color.
