Title: Migraine and brain change

Issue Date: 2018-02-15

Migraine and brain changes

Inge Palm-Meinders

The background features a vibrant pink-to-magenta gradient. It is adorned with abstract, glowing white and light pink elements: several overlapping circles of varying sizes, some with soft halos, and thin, curved lines that create a sense of motion and depth. The overall aesthetic is clean, modern, and visually appealing.
