# Table of contents

<b>Chapter 1</b>	General introduction	9
<b>Chapter 2</b>	Evaluation of immunological cross-reactivity between clade A9 high-risk human papillomavirus types on the basis on E6-specific CD4+ memory T-cell responses	21
<b>Chapter 3</b>	Skin reactions to human papillomavirus type 16 specific antigens intradermally injected in healthy subjects and patients with cervical neoplasia	39
<b>Chapter 4</b>	HPV E6-specific T-cell immunity in Haitian and South African women in relation to clearance or persistence of cervical HPV infections	53
<b>Chapter 5</b>	A prospective study on the natural course of low-grade squamous intraepithelial lesions and the presence of HPV16 E2-, E6- and E7-specific T-cell responses	67
<b>Chapter 6</b>	General discussion	87
<b>Chapter 7</b>	Summary (in Dutch)	99
<b>Addendum</b>	Literature	107
	Abbreviations	123
	Authors and affiliations	127
	Publications	131
	About the author	135
