Acute leukaemia in children

Aspects of diagnosis and treatment

Proefschrift

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van Rector Magnificus prof. mr. P.F. van der Heijden,
volgens besluit van het College voor Promoties
te verdedigen op donderdag 3 september 2009
klokke 13:45 uur

door

Annemieke Johanna Willemze

geboren te Amsterdam
In 1972

Promotiecommissie

Promotor: Prof. Dr. J.M.J.J. Vossen

Prof. Dr. R.M. Egeler

Co-promotor: Dr. J. den Hartigh

Referent: Prof. Dr. W.E. Fibbe

Overige leden: Prof. Dr. A.F. Cohen

Mw. Prof. Dr. H.A. Delemarre - van de Waal

Prof. Dr. R. Pieters (Erasmus MC, Rotterdam)

Prof. Dr. J.A. Bruijn

Dr. M.J.D. van Tol

Table of Contents

Chapter 1 9

General introduction and outline of this thesis

Part I Migration and survival of leukaemic cells

Chapter 2 37

Possible link between unique chemokine and homing receptor expression at diagnosis and relapse location in a patient with childhood T-ALL

Blood 2004;103(7):2806-2808

Chapter 3 47

The role of CCR2, CCR5, CXCR4 and CXCR7 in extramedullary leukaemia of the skin and on leukaemic blast survival in childhood AML

Submitted to Leukemia

Part II Aspects of haematopoietic stem cell transplantation

Chapter 4 69

HLA-identical haematopoietic stem cell transplantation for acute leukaemia in children: less relapse with higher biologically effective dose of TBI

Bone Marrow Transplantation 2007;40(4):319-327

Chapter 5 91

Cyclosporine A kinetics in children after stem cell transplantation

British Journal of Clinical Pharmacology 2008; 66(4):539-45.

Chapter 6	109
Cyclosporine A exposure is associated with acute GVHD and relapse in children after stem cell transplantation	
Submitted to Bone Marrow Transplantation	
Chapter 7	125
The effect of Graft-versus-Host Disease on skin endothelial and epithelial cell chimerism in stem cell transplant recipients	
Transplantation 2009; 87(7):1096-101	
Chapter 8	141
Summary and general discussion	
Chapter 9	153
Nederlandse samenvatting	
Curriculum Vitae	159
List of publications	161
Figure section	165
