Author: Becking, Leontine Elisabeth

Title: Marine lakes of Indonesia

Date: 2012-12-04

III TAXONOMY

The work on hand is largely data processing and, as with any scientific data processing, complex matters of assorting, assigning, codifying and evaluating, and of establishing rules of classification and units and symbols, form the major part of the work. Once these are done the mathematical manipulation of figures is a rapid, easy and pleasant 'play'.

D. Carleton Gajdusek, 1959
