# Cognitive profiles of adults with high functioning autism (HFA) and Asperger Syndrome

Proefschrift

ter verkrijging van  
de graad van Doctor aan de universiteit Leiden,  
op gezag van de Rector Magnificus Dr. P.F. van der Heijden,  
volgens besluit van het college voor promoties te verdedigen op  
donderdag 2 september 2010 te klokke 13:45

door

Antoinette Alida Spek  
geboren te Lexmond  
in 1975

## **Promotiecommissie**

### Promotoren

Prof. Dr. I.A. van Berckelaer-Onnes

Prof. Dr. E.M. Scholte

### Overige leden

Prof. Dr. J.T. Swaab-Barneveld

Prof. Dr. R.B. Minderaa, Rijksuniversiteit Groningen

Prof. Dr. H. Roeyers, Universiteit Gent, België

Prof. Dr. J.A. Sergeant, Vrije Universiteit Amsterdam

## CONTENTS

<b>1</b>	<b>Introduction</b>	<b>1</b>
1.1	Aims and Structure	3
1.2	Cognitive Theories of ASD	4
<b>2</b>	<b>The Use of WAIS-III in HFA and Asperger Syndrome</b>	<b>9</b>
2.1	Introduction	11
2.1.1	Aims of the Present Study	12
2.2	Methods	12
2.2.1	Procedure	12
2.2.2	Subjects	12
2.2.3	Assessment of Disorder	13
2.2.4	Assessment of Intelligence	14
2.3	Results	14
2.3.1	Differences Between WAIS III VIQ and PIQ	14
2.3.2	Differences Between Factor Scale Scores	15
2.3.3	Differences Between WAIS III Subtest Scores	16
2.4	Discussion	20
2.4.1	WAIS VIQ Versus PIQ	20
2.4.2	WAIS III Factor Scale Level	20
2.4.3	WAIS III Subtest Level	20
2.4.4	Conclusions	21
<b>3</b>	<b>Theory of Mind in Adults with HFA and Asperger Syndrome</b>	<b>23</b>
3.1	Introduction	25
3.1.1	Theory of Mind in Autism	25
3.1.2	Hypotheses of the Present Study	26
3.2	Methods	27
3.2.1	Procedure	27
3.2.2	Assessment of Disorder	28
3.2.3	Assessment of Theory of Mind	29
3.2.4	Assessment of Intelligence	31
3.2.5	Matching Procedure	31
3.3	Results	32
3.3.1	Differences in the Neuropsychological Tasks	32
3.3.2	Differences in Self-reported Theory of Mind	33

3.3.3	The Association Between the Neuropsychological Tasks and Self-reports	34
3.3.4	The Ability of the Tests to Predict Whether a Diagnosis is Present	34
3.4	Discussion	37
3.4.1	Limitations	40
<b>4</b>	<b>Detailed Information Processing in Adults with HFA and Asperger Syndrome:</b>	
	<b>The Usefulness of Neuropsychological Tests and Self-reports</b>	<b>43</b>
4.1	Introduction	45
4.1.1	Detailed Information Processing in Autism	45
4.1.2	Detailed Information Processing in Adults with ASD	45
4.1.3	Hypotheses of the Present Study	47
4.2	Methods	47
4.2.1	Procedure	47
4.2.2	Assessment of Disorder	48
4.2.3	Assessment of Detailed Information Processing	49
4.2.4	Assessment of Processing Speed	50
4.2.5	Matching Procedure	50
4.3	Results	51
4.3.1	Differences in EFT Response-time and Block Design Performance	51
4.3.2	AQ Detailed Information Processing and Systemizing Tendencies	52
4.3.3	The Relationship Between the Neuropsychological Tasks and Questionnaires	52
4.3.4	Exploration of the Predictive Validity of the Tasks and Questionnaires	54
4.3.5	The Influence of Processing Speed on Embedded Figures Test	54
4.4	Discussion	55
4.4.1	Limitations	58
<b>5</b>	<b>Verbal Fluency in Adults with HFA and Asperger Syndrome</b>	<b>61</b>
5.1	Introduction	63
5.1.1	Verbal Fluency and Underlying Mechanisms	63
5.1.2	Aims of the Present Study	64
5.2	Methods	65
5.2.1	Procedure	65
5.2.2	Assessment of Disorder	65
5.2.3	Assessment of Intelligence	66
5.2.4	Assessment of Semantic and Phonemic Fluency	66
5.2.5	Analysis of Underlying Mechanisms	66

5.2.6	Matching Procedure	67
5.3	Results	68
5.3.1	Differences in Verbal Fluency Between the Three Groups	68
5.3.2	Processing Speed in the Three Groups	70
5.3.3	The Relationship Between Verbal Fluency and Processing Speed	71
5.3.4	The Use of Clustering and Switching	71
5.4	Discussion	72
5.4.1	Differences in Verbal Fluency Performance	72
5.4.2	The Relationship Between Verbal Fluency and Processing Speed	73
5.4.3	Cluster-size and Switching	73
5.4.4	Conclusions	74
5.4.5	Limitations	74
<b>6</b>	<b>General Discussion and Conclusions</b>	<b>77</b>
6.1	Introduction	79
6.2	Main findings	79
6.2.1	Intelligence Profiles	79
6.2.2	Theory of Mind	80
6.2.3	Detailed Information Processing	80
6.2.4	Executive Functioning	81
6.2.5	Autistic Disorder versus Asperger Syndrome	82
6.3	Clinical Implications	82
6.4	Limitations and Implications for Future Research	83
<b>7</b>	<b>Nederlandstalige Samenvatting</b>	<b>87</b>
	<b>References</b>	<b>97</b>
