Title: Unraveling the glucocorticoid receptor pathway in zebrafish

Issue Date: 2012-06-26

A misty canal scene with a windmill and a red buoy. The background is a soft, greyish-blue mist over a body of water. In the upper right, a wooden windmill with a lattice-patterned sail is visible. In the foreground, a red buoy is attached to a rope, floating on the water. The overall mood is calm and atmospheric.

Unraveling the Glucocorticoid Receptor Pathway in Zebrafish
