**Patience attracts happiness; it brings near that which is far.**

- Swahili proverb -

## CONTENT

<b>Chapter 1</b>	General Introduction	9
<b>Chapter 2</b>	Do ethnicity, degree of family relationship, and the spondyloarthritis subtype in affected relatives influence the association between a positive family history for spondyloarthritis and HLA-B27 carriership? Results from the worldwide ASAS cohort <i>Arthritis Research &amp; Therapy 2018;20:166</i>	29
<b>Chapter 3</b>	Is a positive family history of spondyloarthritis relevant for diagnosing axial spondyloarthritis once HLA-B27 status is known? <i>Rheumatology 2019;58:1649-54</i>	41
<b>Chapter 4</b>	In early axial spondyloarthritis, increasing disease activity is associated with worsening of health-related quality of life over time <i>The Journal of Rheumatology 2018;45:779-84</i>	55
<b>Chapter 5</b>	Disease activity decrease is associated with improvement in work productivity over 1 year in early axial spondyloarthritis (SPondyloArthritis Caught Early cohort) <i>Rheumatology 2017;56:2222-8</i>	71
<b>Chapter 6</b>	The impact of illness perceptions and coping on the association between back pain and health outcomes in patients suspected of having axial spondyloarthritis: data from the SPondyloArthritis Caught Early cohort <i>Arthritis Care &amp; Research 2018;70:1829-39</i>	93
<b>Chapter 7</b>	Do illness perceptions and coping strategies change over time in patients recently diagnosed with axial spondyloarthritis? A two-year follow-up study in the SPACE cohort <i>Submitted</i>	119
<b>Chapter 8</b>	Summary and General Discussion	135
<b>Chapter 9</b>	Nederlandse Samenvatting	151
<b>Appendices</b>	Curriculum Vitae List of publications Dankwoord	165
