Title: Migraine as text – text as migraine: Diagnosis and literature

Issue date: 2020-05-13

An abstract painting featuring a central, textured, reddish-brown face with wide, staring eyes and an open mouth. The face is surrounded by swirling, ethereal forms in shades of green, blue, and white. In the upper left, a small, detailed insect-like figure is visible. The background is a mix of dark and light blue with white, wispy lines. Several words are integrated into the artwork: 'coleopterum' in the top left, 'aura' above the face, 'snuba' below the face, and 'Migraine as Text - Text as Migraine' in the upper right.
