Proefschrift

Ter verkrijging van
de graad van Doctor aan de Universiteit Leiden
op gezag van Rector Magnificus Prof. mr. C.J.J.M. Stolk,
volgens besluit van het College voor Promoties
te verdedigen op donderdag 9 april 2020
klokke 11.15 uur

door

Maaike Schilperoort

Geboren te Voorschoten
in 1993

Promotor	Prof. dr. P.C.N. Rensen
Copromotor	Dr. S. Kooijman
Leden promotiecommissie	Prof. dr. J.A.P. Willems van Dijk Prof. dr. A. Kalsbeek (AUMC, Amsterdam) Prof. dr. E. Lutgens (AUMC, Amsterdam) Prof. dr. J.A. Kuivenhoven (UMCG, Groningen)

The work described in this thesis was performed at the Department of Medicine, Division of Endocrinology of the Leiden University Medical Center, Leiden, the Netherlands.

Financial support by the Dutch Heart Foundation and the Dutch Bone and Mineral Society (NVCB) for the publication of this thesis is gratefully acknowledged. The research described in this thesis was supported by a grant of the Dutch Heart Foundation (CVON 2014-02 ENERGISE). Maaike Schilperoort was supported by a grant from the Board of Directors of the Leiden University Medical Center.

Table of contents

	Page
Chapter 1 General introduction and outline	1
Chapter 2 Disruption of circadian rhythm by alternating light-dark cycles aggravates atherosclerosis development in APOE ^{*3} -Leiden.CETP mice	15
Chapter 3 Circadian disruption by shifting the light-dark cycle negatively affects bone health in mice	41
Chapter 4 Circadian rhythm of glucocorticoids regulates brown adipose tissue activity and is important for maintaining metabolic health	61
Chapter 5 Loss of glucocorticoid rhythm induces an osteoporotic phenotype in mice	79
Chapter 6 Time-restricted feeding improves adaptation to chronically alternating light-dark cycles	95
Chapter 7 The GPR120 agonist TUG-891 promotes metabolic health by stimulating mitochondrial respiration in brown fat	121
Chapter 8 Testosterone reduces brown fat activity in mice	163
Chapter 9 General discussion and future perspectives	177
Chapter 10	193
Summary	195
Samenvatting	199
List of publications	203
Curriculum Vitae	205
Dankwoord	207
