Dr. CP Tensen

I am among those who think
that science has great beauty.

Marie Curie, 1867-1934

TABLE OF CONTENTS

Chapter 1	General introduction	11
Chapter 2	A novel germline variant in the *DOT1L* gene Co-segregating in a Dutch family with a history of melanoma	27
Chapter 3	Genome-wide analysis of constitutional DNA methylation in familial melanoma	49
Chapter 4	Genome-wide characterization of 5-hydroxymethylcytosine in melanoma reveals major differences with nevus	77
Chapter 5	Interplay between *TERT* promoter mutations and methylation culminates in chromatin accessibility and *TERT* expression	103
Chapter 6	Summary and discussion	133
Addendum	Nederlandse samenvatting	152
	Resumo em Português	156
	List of publications	160
	About the author	162
	Acknowledgements	164
