**Author:** Kroon, F.P.B.

**Title:** Inflammation as a target for treatment in hand osteoarthritis

**Issue Date:** 2020-11-03

An abstract illustration on a dark teal background. A hand is shown at the top right, with a DNA double helix structure winding through it. The DNA strands are colored yellow and blue. At the bottom left, a small plant sprout with brown leaves and a blue stem is visible. The title and author's name are written in white text on the right side.
