Carlos Bernardo González Pecotche

Contents

Chapter 1	General Introduction	9
Chapter 2	Rhizobacterial community structure differences among sorghum cultivars in different growth stages and soils	23
Chapter 3	Co-Variation of Bacterial and Fungal Communities in Different Sorghum Cultivars and Growth Stages is Soil Dependent	55
Chapter 4	Impact of rhizoplane bacterial community on drought tolerance of <i>Sorghum bicolor</i> (L.) Moench	83
Chapter 5	Effect of <i>Burkholderia tropica</i> and <i>Herbaspirillum frisingense</i> strains on sorghum growth is plant genotype dependent	111
Chapter 6	General discussion	127
