**Author:** Heiden, P.L.J. van der

**Title:** Control of cytomegalovirus viremia after T cell depleted allogeneic stem cell transplantation

**Issue Date:** 2019-03-20

A microscopic image of cells, likely from a tissue sample, with a blue overlay. The cells are densely packed and show various shapes and sizes, with some appearing to have a granular or foamy texture. The blue overlay is semi-transparent, allowing the underlying cellular structures to be visible.
