Title: Local government in times of global challenges: the implications of the financial crisis since 2007 on public finances at the municipal level in the Netherlands

Issue Date: 2019-05-21

List of tables

Table 1: Changes in the number of municipalities in European countries, 1973–2013	53
Table 2: Categories of cutback measures and practical examples	77
Table 3: Factors potentially influencing the impact of and responses to a financial crisis ...	112
Table 4: Overview of the properties of the official statistics	118
Table 5: Overview of the properties of the three own surveys	121
Table 6: Territorial subdivision of the Netherlands as of January 1 st , 2018	129
Table 7: Main policy areas with responsibilities of the different levels of government	131
Table 8: Distribution of public revenues and public expenditures across the different levels of government in 2015	133
Table 9: Distribution of civil servants across the different levels of government in 2015	133
Table 10: Voter turnout at Dutch municipal elections, 1986–2014	142
Table 11: Distributions of vote shares of the municipal council elections in 2006, 2010, 2014, and 2018.....	143
Table 12: Categories and factors of relevance for the distribution of funds to the municipalities according to article 8, paragraph 1, of the Financial Relations Act.....	151
Table 13: Types of taxes and charges according to the Municipalities Act	154
Table 14: Development of the number of Dutch municipalities, 1851–2018	161
Table 15: Annual percentage growth rate of the GDP, 2000–2015.....	183
Table 16: Unemployment as percentage of the total labour force, 2000–2014	184
Table 17: General government gross debt as percentage of the GDP, 2000–2015	185
Table 18: Developments of Dutch public finances, 2007–2015	215
Table 19: Revenues and expenses of all Dutch municipalities combined in the different policy areas in 2014	246
Table 20: Statistical key figures of the distribution of Dutch municipalities' account balances of revenues and expenses for social services in euro per capita (adjusted for inflation, consumer price level of the year 2007)	291
Table 21: Highest and lowest changes in the mean values regarding Dutch municipalities' account balances of revenues and expenses for social services in euro per capita (adjusted for inflation, consumer price level of the year 2007)	292
Table 22: Statistical key figures of the distribution of Dutch municipalities' account balances of revenues and expenses for the administrative support of the executive board in euro per capita (adjusted for inflation, consumer price level of the year 2007)	294

Table 23: Highest and lowest changes in the mean values regarding Dutch municipalities' account balances of revenues and expenses for the administrative support of the executive board in euro per capita (adjusted for inflation, consumer price level of the year 2007)	294
Table 24: Statistical key figures of the distribution of Dutch municipalities' account balances of revenues and expenses for building permits in euro per capita (adjusted for inflation, consumer price level of the year 2007)	295
Table 25: Highest and lowest changes in the mean values regarding Dutch municipalities' account balances of revenues and expenses for building permits in euro per capita (adjusted for inflation, consumer price level of the year 2007)	296
Table 26: Statistical key figures of the distribution of Dutch municipalities' account balances of revenues and expenses for land development in euro per capita (adjusted for inflation, consumer price level of the year 2007)	297
Table 27: Highest and lowest changes in the mean values regarding Dutch municipalities' account balances of revenues and expenses for land development in euro per capita (adjusted for inflation, consumer price level of the year 2007)	298
Table 28: Statistical key figures of the distribution of Dutch municipalities' account balances of revenues and expenses for tourist taxes in euro per capita (adjusted for inflation, consumer price level of the year 2007)	299
Table 29: Highest and lowest changes in the mean values regarding Dutch municipalities' account balances of revenues and expenses related to tourist taxes in euro per capita (adjusted for inflation, consumer price level of the year 2007)	300
Table 30: Statistical key figures of the distribution of the account balances of revenues and expenses related to general payments from the municipal fund to Dutch municipalities in euro per capita (adjusted for inflation, consumer price level of the year 2007)	301
Table 31: Highest and lowest changes in the mean values regarding the account balances of revenues and expenses of general payments from the municipal fund to Dutch municipalities in euro per capita (adjusted for inflation, consumer price level of the year 2007).....	302
Table 32: Statistical key figures of the distribution of Dutch municipalities' total debt in euro per capita (adjusted for inflation, consumer price level of the year 2007)	303
Table 33: Highest and lowest changes in the mean values regarding the total debt of Dutch municipalities in euro per capita (adjusted for inflation, consumer price level of the year 2007).....	304
Table 34: Statistical key figures of the distribution of Dutch municipalities' short-term debt in euro per capita (adjusted for inflation, consumer price level of the year 2007)	304
Table 35: Highest and lowest changes in the mean values regarding Dutch municipalities' short-term debt in euro per capita (adjusted for inflation, consumer price level of the year 2007).....	305
Table 36: Statistical key figures of the distribution of Dutch municipalities' long-term debt in euro per capita (adjusted for inflation, consumer price level of the year 2007)	306

Table 37: Highest and lowest changes in the mean values regarding Dutch municipalities' long-term debt in euro per capita (adjusted for inflation, consumer price level of the year 2007).....	306
Table 38: Potential structure-based factors of influence on municipal finances in times of a financial crisis	309
Table 39: Potential institution-based factors of influence on municipal finances in times of a financial crisis	310
Table 40: Potential interest-based factors of influence on municipal finances in times of a financial crisis	312
Table 41: Results of the linear regressions	314
Table 42: Inflation-adjusted financial changes at the local level of government in the Netherlands in times of the Financial Crisis since 2007	332

List of figures

Figure 1: The conceptual model of this study	100
Figure 2: Total income and total expenses of all Dutch municipalities combined in million euro, 1900–2015	231
Figure 3: Total income and total expenses of all Dutch municipalities combined in euro per person, 1900–2015.....	233
Figure 4: Total balance of income and expenses of all Dutch municipalities combined in million euro, 1900–2015	234
Figure 5: Total balance of income and expenses as share of the total expenses of all Dutch municipalities combined, 1900–2015	235
Figure 6: Total debt of all Dutch municipalities combined in million euro, 1900–2015.....	236
Figure 7: Total debt of all Dutch municipalities combined in euro per person, 1900–2015 .	237
Figure 8: Annual percentage changes in consumer prices, 1901–2016	238
Figure 9: Total income and total expenses of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2000–2015.....	239
Figure 10: Total income and total expenses of all Dutch municipalities combined in euro per person (adjusted for inflation, consumer price level of the year 2007), 2000–2015.....	240
Figure 11: Total balance of income and expenses of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2000–2015....	241
Figure 12: Total balance of income and expenses as share of the total expenses of all Dutch municipalities combined (adjusted for inflation, consumer price level of the year 2007), 2000–2015.....	242
Figure 13: Total debt of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2000–2015.....	243
Figure 14: Total debt of all Dutch municipalities combined in euro per person (adjusted for inflation, consumer price level of the year 2007), 2000–2015.....	244
Figure 15: Budget balance of all Dutch municipalities combined in the different policy areas in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	247
Figure 16: Total income of all Dutch municipalities combined in the different policy areas in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014....	248
Figure 17: Total expenses of all Dutch municipalities combined in the different policy areas in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014....	249
Figure 18: Budget balance of all Dutch municipalities combined in the policy area of general administration in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014.....	250

Figure 19: Budget balance of all Dutch municipalities combined in the policy area of public order and safety in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	251
Figure 20: Budget balance of all Dutch municipalities combined in the policy area of traffic, transport and water management in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	252
Figure 21: Budget balance of all Dutch municipalities combined in the policy area of economic affairs in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	253
Figure 22: Budget balance of all Dutch municipalities combined in the policy area of education in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014.....	254
Figure 23: Budget balance of all Dutch municipalities combined in the policy area of culture and recreation in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014.....	255
Figure 24: Budget balance of all Dutch municipalities combined in the policy area of social services in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014.....	256
Figure 25: Budget balance of all Dutch municipalities combined in the policy area of public health and environment in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	257
Figure 26: Budget balance of all Dutch municipalities combined in the policy area of spatial planning and housing in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014	258
Figure 27: Budget balance of all Dutch municipalities combined in the policy area of financing and means for universal coverage in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2014.....	260
Figure 28: Total own income of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2015	264
Figure 29: Total income from local taxes and income from different types of property taxes on immovable property of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2015.....	265
Figure 30: Income from different types of local taxes of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2015....	266
Figure 31: Income from different types of fees of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), 2004–2015.....	268
Figure 32: Public opinion on important issues in the Netherlands, percentage shares, 2005–2017.....	273

Figure 33: Budget balance of selected balance sheet items of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), part 1, 2004–2014..... 289

Figure 34: Budget balance of selected balance sheet items and policy areas of all Dutch municipalities combined in million euro (adjusted for inflation, consumer price level of the year 2007), part 2, 2004–2014..... 290
