DANKWOORD

(ACKNOWLEDGEMENTS)

De afgelopen jaren stonden niet alleen in het teken van het bestuderen van de verwachtingen, doelen en dromen, obstakels, en gedrag van mijn respondenten; ook ikzelf had in het kader van het proefschrift verwachtingen, doelen, en obstakels genoeg. Verschillende personen hebben een rol gespeeld bij het vormgeven en inperken van die verwachtingen, het bereiken van doelen en het overwinnen van obstakels. Hierbij dus een woord van dank aan hen.

Allereerst de grootste dank aan de respondenten die ik gezamenlijk ruim drie jaar heb mogen volgen. Zonder hen had ik de data waarop dit proefschrift gebaseerd is niet kunnen verzamelen en zonder hun levensverhalen was de data niet zo rijk geweest. Mijn promotoren Paul en Anja; wat een proces was het van begin tot eind! Dankbaar ben ik voor de constructieve gesprekken, het structureren van al mijn honderden ideeën, de discussies over kwalitatief en kwantitatief, en het aandurven van dit project. Wat een ervaring ook om onderdeel te zijn van een grootschalig project als het Prison Project, bedankt aan alle onderzoekers voor de inspirerende onderzoeksbijeenkomsten en samenwerking tijdens de dataverzameling (Maaïke, fijn dat je voor veel interviews mijn achterwacht was! En Anke, bedankt voor het lezen van een deel van mijn proefschrift toen ik nog aan het worstelen was met welke kant bepaalde dingen op moesten). Martine Stegink (Reclassering Nederland), Joost de Looff & Paul Linckens (DJI), Barbara Hoekstra (JustID): bedankt voor het faciliteren van dit onderzoek en verstrekken van data, jullie hebben altijd meegedacht waar nodig. Ook een speciale dank aan alle toezichhouders bij de Reclassering Nederland en medewerkers van de PI's in heel Nederland waar ik contact mee heb gehad. Stagiaires Anika & Sandra, en fantastische student-assistent Talat, bedankt voor het transcriberen en/of coderen van delen van de data!

Heel veel dank aan de leden van de promotiecommissie, Miranda Boone, Pauline Schuyt, Fergus McNeill, Ton Liefwaard en Arie van den Hurk, voor het lezen en beoordelen van het manuscript. Collega's van het Instituut voor Strafrecht & Criminologie, wat bijzonder om deel te mogen uit maken van zo een ambitieus team. Ook alvast een dank aan degenen die tijd en energie gaan steken in mijn proefpromotie. Een paar collega's verdienen een eervolle vermelding: Maria, van de gesprekken op zowel promotie- als privégebied tot het verzorgen van onderwijs, het is altijd fijn met jou! Sigrid, de zoektocht naar een ANWB stel 'in het wild', slechte humor en peptalks waren altijd een goed begin van lange schrijfavonden op kantoor. Esther, vanaf dat we elkaar ontmoetten in Porto was er een klik. De samenwerking met jou begon op een perfect moment en wat ben ik trots op de twee artikelen die we samen hebben geschreven. Jij hebt mijn onderzoeksbril flink verscherpt. Joni,

jouw enthousiasme en blik op de wereld is fantastisch, bedankt voor je energie en het vieren van alle mijlpalen, je bent een heerlijke kamergenoot. Een speciale dank aan al mijn ex-collega's van het Bonger Instituut (maar in het bijzonder Nienke en Ton), waar de passie voor wetenschap mocht groeien en waar we samen prachtige onderzoeken hebben gedaan.

Cherie en Es, al zolang mijn beste vriendinnen. Vriendschap in al haar honderd facetten. Bedankt voor het echte leven, de grappen, de tranen, de danspasjes wanneer ze nodig waren tijdens dit proces, maar ook ver daarbuiten. Maaïke, mijn onuitputtelijke bron van inspiratie als het gaat over je persoonlijke missie in het leven & Daph, waar je ook bent in de wereld, bedankt voor je support and belief in me!

Mijn geliefde zussen Gina en Sandra, wat vind ik het een eer dat jullie mijn paranimfen zijn! Ik kan me niets mooiers indenken om met jullie aan mijn zijde gezamenlijk als de Doekhie-science-sisters, *three little birds*, straks naar voren te lopen. Mams, je hebt ons altijd ambitie en het belang van scholing meegegeven en zonder jouw oppasuren (en die van Janine) was mijn proefschrift nooit afgekomen!

Lieve paps, nooit had ik gedacht dat je de dag van mijn verdediging niet zou meemaken en nooit in een miljoen jaar had ik gedacht dat ik je zo snel zou verliezen. Het is troostend te weten dat jij de grootste pauw van allemaal zou zijn. Niemand hoeft mij te vertellen hoe trots je zou zijn.

Loos, het is onbeschrijfelijk hoeveel pieken en dalen 2019 nu al met zich heeft mee gebracht. Maar al 10 jaar sta je aan mijn zijde en luister je de laatste jaren onafgebroken (maar hopelijk met één oor) naar mijn promotie-perikelen. Onze reis samen duurt voort, hand in hand, onze gezichten in de zon. De laatste woorden zijn gericht aan mijn temperamentvolle Tara, en kleine Ravi*, wat vind ik het bijzonder om door jullie alle dimensies van het moederschap te mogen ervaren.

CURRICULUM VITAE

Jennifer Varsha Oemla Rafia was born on December 14, 1983 in Amsterdam, the Netherlands. She obtained both her bachelor's degree and her Master in Criminology at the Vrije Universiteit Amsterdam. For her master thesis, she conducted intensive ethnographic fieldwork in South Africa (University of Johannesburg) combining observations and in-depth interviews with drug users, police, and dealers to explore the role of drugs in the 'city of gold' Johannesburg. She completed her Master in 2008 with two tracks: life course criminology and law enforcement. Jennifer started working as a junior researcher at the Bongers Institute of Criminology of the University of Amsterdam, studying topics relating to criminal lifestyle, prison and the criminalization process. In 2012, she started as a research-coordinator of the Prison Project, a longitudinal, nationwide research project in which nearly 2,000 prisoners were included. She was responsible for the coordination of the data collection in prisons as well as six and 24 months after release from prison. Her doctoral research into the desistance process among long-term prisoners in the Netherlands commenced in 2013 at the Institute of Criminal Law and Criminology of Leiden University. She was schooled in intensive qualitative analysis at the summerschool of the European Consortium of Political Research (ECPR) in Ljubljana. Jennifer is currently working as an Assistant Professor at the Institute of Criminal Law and Criminology of Leiden University.
