Author: Schouten, T.M.

Title: Classification and early detection of dementia and cognitive decline with magnetic resonance imaging

Issue Date: 2019-09-18

Classification and early detection of dementia and cognitive decline with magnetic resonance imaging

Tijn Schouten

This PhD thesis was formatted using the L^AT_EX book class with custom adjustments.

The cover was created with adaptive style transfer (Sanakoyeu, Kotovenko, Lang, & Ommer, 2018) by applying the style of Picasso to an ICA component of mean diffusivity. The software is available online: (<https://github.com/CompVis/adaptive-style-transfer>).

The research as described in this thesis was supported by VICI Grant 016.130.677 of the Netherlands Organisation for Scientific Research (NWO).

Printing of this thesis was sponsored by Alzheimer Nederland.

Classification and early detection of dementia and cognitive decline with magnetic resonance imaging

Proefschrift

ter verkrijging van
de graad van Doctor aan de Universiteit Leiden,
op gezag van Rector Magnificus prof. mr. C.J.J.M. Stolker,
volgens besluit van het College voor Promoties
te verdedigen op woensdag 18 september 2019
klokke 16.15 uur
door

Tijn Milan Schouten

geboren te Maastricht
in 1988

Promotoren:

Prof. dr. S.A.R.B. Rombouts

Prof. dr. M.J. de Rooij

Copromotor:

Dr. J. van der Grond

Leden promotiecommissie:

Prof. dr. ir. B.P.F. Lelieveldt

Prof. dr. ir. W. Kraaij

Dr. ir. A.M. Wink

Dr. K. van Deun

(Amsterdam UMC, locatie VUmc)

(Tilburg University)
