# Not so smooth after all: resolving dust and gas structures in protoplanetary disks

Proefschrift

ter verkrijging van  
de graad van Doctor aan de Universiteit Leiden,  
op gezag van Rector Magnificus prof. mr. C.J.J.M. Stolker,  
volgens besluit van het College voor Promoties  
te verdedigen op woensdag 12 december 2019  
klokke 11:15 uur  
door

Paolo Cazzoletti

geboren te Monza, Italie  
in 1990

Promotiecommissie

Promotores: Prof. dr. E. F. van Dishoeck  
Prof. dr. L. Testi ESO/INAF

Co-promotor: Dr. S. Facchini ESO

Overige leden: Prof. dr. H. J. A. Röttgering  
Prof. dr. C. U. Keller  
Prof. dr. C. Dominik University of Amsterdam  
Dr. S. M. Andrews Harvard-Smithsonian CfA  
Dr. P. Pinilla Max Planck Institute for Astronomy
