Title: Immunochemical approaches to monitor and modulate the adaptive immune system

Issue Date: 2020-02-12

The background features a gradient from teal to pink. On the right side, there are faint, light green chemical structures, possibly representing antibodies or proteins. On the left side, there are several stylized, pinkish-red cells with a textured, porous appearance, resembling immune cells or bacteria.

Immunochemical approaches to monitor and modulate the adaptive immune system
