## Contents

<b>Part 1</b>	<b>General introduction</b>	<b>9</b>
Chapter 1	General principles of haematopoietic cell transplantation in inborn errors of immunity  Part published as "Conditioning regimens for haematopoietic cell transplantation in primary immunodeficiency"  <i>Current Allergy and Asthma reports, 2019; 19 (11):52</i>	11
<b>Part 2</b>	<b>Practice pattern evolution and long-term disease outcomes in haematopoietic cell transplantation for inborn errors of immunity</b>	<b>67</b>
Chapter 2	Two decades of excellent transplant survival in children with chronic granulomatous disease: A report from a supraregional immunology transplant center in Europe  <i>Blood 2019; 133 (23): 2546-2549</i>	69
Chapter 3	Improved transplant survival and long-term disease outcome in children with MHC class II deficiency  <i>Blood 2020; 135 (12): 954-973</i>	81
Chapter 4	Haematopoietic cell transplantation in monogenic autoimmune diseases  The chapter is part of "Haematopoietic Stem Cell Transplantation and Cellular Therapies for Autoimmune Diseases" edited by Farge D, Snowden J, Saccardi R, Ruiz M and Burt R	115
<b>Part 3</b>	<b>Alternative donors in haematopoietic cell transplantation for inborn errors of immunity</b>	<b>151</b>
Chapter 5	Impact of different <i>ex vivo</i> T-cell depletion strategies on outcomes following haematopoietic cell transplantation for children with primary immunodeficiency  <i>Bone Marrow Transplantation 2020, in press</i>	153
Chapter 6	T-replete HLA-matched grafts versus T-depleted HLA-mismatched grafts in inborn errors of immunity: Where are we now?  <i>Submitted</i>	179

<b>Part 4</b>	<b>Late effects after haematopoietic stem cell transplantation for inborn errors of immunity</b>	<b>205</b>
Chapter 7	Outcome of autoimmune cytopenia after haematopoietic cell transplantation in primary immunodeficiency <i>Journal of Allergy and Clinical Immunology 2020; 146 (2): 406-416</i>	207
Chapter 8	Outcome of non-haematological autoimmunity after haematopoietic cell transplantation in primary immunodeficiency <i>Journal of Clinical Immunology, in press</i>	243
Chapter 9	Malignancy post-haematopoietic stem cell transplant in patients with primary immunodeficiency <i>Expert Review of Clinical Immunology 2020; 16(5); 493-511</i>	273
<b>Part 5</b>	<b>Summary and future direction</b>	<b>319</b>
Chapter 10	Summary	321
Chapter 11	Future perspectives	327
Chapter 12	<b>Appendices</b>	
	Nederlandse samenvatting	338
	Curriculum vitae	341
	List of Publications	342
	Acknowledgements	348
	Abbreviations	349
