Table of contents

Chapter 1	General introduction	9
Chapter 2	Future physician-scientists: could we catch them young? Factors influencing intrinsic and extrinsic motivation for research among first-year medical students <i>Perspectives on Medical Education, 2018</i>	29
Chapter 3	Promoting positive perceptions of and motivation for research among undergraduate students to stimulate future research involvement: a grounded theory study <i>BMC Medical Education, 2020</i>	47
Chapter 4	Fostering the physician-scientist workforce: a prospective cohort study to investigate the effect of undergraduate medical students' motivation for research on actual research involvement <i>BMJ Open, 2019</i>	69
Chapter 5	Academic success experiences: promoting research motivation and self-efficacy beliefs among medical students <i>Teaching and Learning in Medicine, 2021</i>	87
Chapter 6	Scientific activity by medical students: the relationship between academic publishing during medical school and publication careers after graduation <i>Perspectives on Medical Education, 2019</i>	109
Chapter 7	Medical students' intrinsic versus extrinsic motivation to engage in research as preparation for residency <i>Perspectives on Medical Education, 2017</i>	125

Chapter 8	Using an extracurricular Honours programme to engage future physicians into scientific research in early stages of medical training <i>Medical Science Educator, 2018</i>	133
Chapter 9	The importance of motivation in selecting undergraduate medical students for extracurricular research programmes <i>Submitted</i>	147
Chapter 10	First steps in the physician-scientist pipeline: a longitudinal study to examine effects of an undergraduate extracurricular research programme <i>Submitted</i>	167
Chapter 11	How does engaging in authentic research at undergraduate level contribute to student wellbeing? <i>Submitted</i>	185
Chapter 12	Twelve tips to offer a short authentic and experiential individual research opportunity to a large group of undergraduate students <i>Medical Teacher, 2020</i>	205
Chapter 13	General discussion	221
	Summary	248
	Nederlandse samenvatting	256
	Supplements	266
	List of scientific contributions	274
	Dankwoord	278
	Curriculum Vitae	280
