The book cover features a stylized illustration of a woman's head in profile. The top half of the head is filled with a pattern of red, yellow, and blue squares, resembling a mosaic or a fragmented brain. The bottom half of the head is a solid black silhouette. The woman's face is shown in a state of intense pain, with her mouth wide open in a scream. The background is split into a yellow upper half and a red lower half, with a blue area on the left side. The title and author's name are printed in black text on the right side of the cover.

**Structural  
brain changes  
in migraine  
and  
cluster  
headache**
