Proefschrift

Ter verkrijging van  
de graad van doctor aan de Universiteit Leiden,  
op gezag van rector magnificus prof. dr. ir. H. Bijl,  
volgens besluit van het college voor promoties  
ter verdedigen op dinsdag 23 november 2021  
klokke 13:45

door

# TABLE OF CONTENTS

<b>Chapter one</b>	General introduction and outline of the thesis	9
<b>PART ONE</b>	<b>Insight into left sided mechanics in subjects with non-structural heart disease</b>	<b>28</b>
<b>Chapter two</b>	Influence of aging on level and layer-specific left ventricular longitudinal strain in subjects without structural heart disease	29
<b>Chapter three</b>	Effect of aging on left atrial compliance and electromechanical properties in subjects without structural heart disease	49
<b>PART TWO</b>	<b>Advanced echocardiography in patients with ischemic hearts disease</b>	<b>66</b>
<b>Chapter four</b>	Effect of guideline-based therapy on left ventricular systolic function recovery after ST-segment elevation myocardial infarction	67
<b>Chapter five</b>	Layer-specific left ventricular global longitudinal strain and left ventricular remodelling in patients after ST-segment elevation myocardial infarction	85
<b>Chapter six</b>	Prognostic value of multilayer left ventricular global longitudinal strain in patients with ST-segment elevation myocardial infarction with mildly reduced left ventricular ejection fractions	105

<b>Chapter seven</b>	Correlates and long-term implications of left ventricular mechanical dispersion by two dimensional speckle tracking echocardiography in patient with ST-segment elevation myocardial infarction	123
<b>Chapter eight</b>	Left ventricular mechanical dispersion in ischemic cardiomyopathy: association with myocardial scar burden and prognostic implications	145
<b>PART THREE</b>	<b>Summaries and appendices</b>	<b>164</b>
<b>Chapter nine</b>	Summary, conclusions and future perspectives Samenvatting, conclusie en toekomstperspectieven	165
<b>Chapter ten</b>	Dankwoord	177
	Curriculum vitae	179
	List of publications	180
