A COMPLETELY NORMAL PRACTICE

A COMPLETELY NORMAL PRACTICE

The emergence of selective metalwork deposition
in Denmark, north-west Germany, and the
Netherlands between 2350-1500 BC

Marieke Visser

Proefschrift

ter verkrijging van

de graad van doctor aan de Universiteit Leiden,
op gezag van rector magnificus prof.dr.ir. H. Bijl,
volgens besluit van het college voor promoties
te verdedigen op donderdag 9 december 2021
klokke 15.00 uur

door

Klazina Marieke Visser

geboren te Rotterdam

in 1989

Promotiecommissie:

Promotor: Prof. dr. D.R. Fontijn Universiteit Leiden

Copromotor: Dr. Q.P.J. Bourgeois Universiteit Leiden

Overige leden:

Prof. dr. H. Vandkilde	Aarhus University
Prof. dr. M.J. Versluys	Universiteit Leiden
Dr. M.H.G. Kuijpers	Universiteit Leiden
Prof. dr. H. Fokkens	Universiteit Leiden
Prof. dr. A.L. van Gijn	Universiteit Leiden
Dr. S. Arnoldussen	Rijksuniversiteit Groningen

Contents

PART I: INTRODUCTION AND METHODOLOGY	11
1. Introduction	13
1.1 Introduction: the Torsted hoard	13
1.2 The Torsted hoard: not an isolated case	13
1.3 Conventional interpretation models of hoards	14
1.4 Ritual interpretations of Bronze Age depositions and the Scandinavian research tradition	16
1.4.1 Ritual interpretations in the Scandinavian research tradition	17
1.4.2 The emergence of religious interpretations in Denmark: the observations of Engelhardt and Worsaae	17
1.4.3 Worsaae's observations and Kopytoff's biographies	18
1.5 The Scandinavian school of archaeology: emergence and characteristics	19
1.5.1 National archaeology	19
1.5.2 Literary historical tradition	20
1.5.3 Ex oriente lux school	20
1.6 An economic approach to ritual depositions: ritual consumption of metalwork	21
1.7 Ritual interpretations: problems and challenges	22
1.8 Interpreting Bronze Age depositions: the European debate	24
1.8.1 Utilitarian approaches to hoards	24
1.8.2 Wet versus dry contexts	25
1.9 Approach: patterns and practices	26
1.9.1 The 'right' region, time period, and dataset	26
1.10 State of affairs	29
1.11 Aim and research questions	30
2. Methodology and data	33
2.1 Introduction	33
2.2 Theoretical framework	33

2.3 Data selection and collection	34
2.4 Quality of the data	35
2.5 Database structure and variables	36
2.5.1 Landscape context	37
2.5.2 Objects	39
2.6 Network science	42
2.7 Research area	42
2.8 Chronology	44
2.9 Structure of the thesis	45
PART II: DATA AND PATTERNS	47
3. Selective deposition before 2000 BC	49
3.1. Introduction	49
3.2. The introduction, disappearance, and reappearance of metal: a thousand-year gap?	51
3.3. Selective deposition in the Funnelbeaker Culture: an overview	52
3.3.1. Flint, Alpine jade, and copper axes	53
3.3.2. Copper ornaments	55
3.3.3. The Bygholm hoard	55
3.3.4. Conclusion	57
3.4. Selective deposition in the Single Grave Culture: an overview	57
3.4.1. The Single Grave burial package	58
3.4.2. Flint and copper axes	58
3.4.3. Copper ornaments	60
3.4.4. Conclusion	60
3.5. Patterns in selective deposition in the Bell Beaker period	60
3.5.1. The Bell Beaker burial package	63
3.5.2. Flint and copper daggers	64
3.5.3. Copper axes	67
3.5.4. Copper and gold ornaments	69
3.5.5. Conclusion	71
3.6. Discussion	72
3.6.1. Selective deposition: developments over time	72
3.6.2. Local vs. foreign objects	74
3.6.3. The emergence of selective metalwork deposition	75
4. Patterns in selective metalwork deposition in LN II	77
4.1. Introduction	77
4.1.1. Únětice metalwork	77
4.1.2. LN II metalwork: introduction	79
4.2. Flint and metal daggers	81
4.3. Halberds	85

4.4. Axes and chisels	87
4.4.1. Axes	87
4.4.2. Chisels	90
4.5. Ornaments	90
4.6. Unconventional hoards – unconventional events	92
4.6.1. The Pile hoard	94
4.6.2. The Gallemose hoard	95
4.6.3. The Skeldal hoard	97
4.6.4. The Vigerslev hoard	98
4.6.5. The Wageningen hoard	99
4.6.6. Conclusion	100
4.7. Discussion	103
5. Patterns in selective metalwork deposition in period IA	107
5.1 Introduction	107
5.1.1 European background	107
5.1.2 Period IA metalwork: introduction	108
5.2 Flint and metal daggers	110
5.3 Axes and chisels	114
5.3.1 Axes	114
5.3.2 Chisels	116
5.4 Spearheads	116
5.5 Ornaments	119
5.6 <i>Ösenringe</i>	121
5.7 Hoards: unconventional events	122
5.7.1 Hoards in Denmark	124
5.7.2 Hoards in northern Germany	128
5.7.3 Hoards in the Netherlands	131
5.7.4 Conclusion	131
5.8 Discussion	132
6. Patterns in selective metalwork deposition in period IB	135
6.1 Introduction	135
6.1.1 European and regional background	136
6.1.2 Period IB metalwork: introduction	138
6.2 Flint and metal daggers and swords	140
6.2.1 Flint daggers, flint swords, and dagger-shaped strike-a-lights	140
6.2.2 Bronze daggers and swords	142
6.3 Axes and chisels	149
6.3.1 Axes	149
6.3.2 Chisels	154
6.4 Spearheads	154

6.5 Ornaments	157
6.6 Hoards and burials	159
6.6.1 Hoards	160
6.6.2 Burials	164
6.6.3 Conclusion	170
6.7 Discussion	170
PART III: CONCLUSION	173
7. A completely normal practice: selective metalwork deposition through the ages	175
7.1 'Deviating beginnings'	177
7.2 The gap?	180
7.3 The reinvention	181
7.4 The big rise	182
7.5 Prelude to the finale	184
7.6 The grand finale: the Nordic Bronze Age and Sögel-Wohlde period	185
7.7 Epilogue	188
8. The selection of objects: cultural biographies	189
8.1 Objects: developments over time	192
8.2 Foreign vs. local styles	194
8.2.1 Metal import and local production	195
8.2.2 Foreign and local styles and what they entail	197
8.2.3 Depositions of objects with foreign vs. local shapes	200
8.2.4 Flint daggers and metal daggers	204
8.3 Persistent vs. new objects	205
8.3.1 Persistent objects	205
8.3.2 New objects	207
8.4 The use lives of objects	210
8.4.1 Axes: use and deposition	211
8.5 Conclusion	212
9. Burying things with the dead: creating an image	217
9.1 Barrows and metalwork: social inequality?	218
9.2 Creating an image of the dead: a case study	220
9.3 Burial gifts and conventions: an overview	223
9.4 LN II: from burials to wetlands...	226
9.5 Period IA: ...and back again to burials	227
9.6 Period IB: warrior burials and regional practices	229
9.7 Conclusion	233

10. 'Non-burial-gifts': placing things in the landscape	235
10.1 The selection of landscape settings: an overview	239
10.2 Hoards vs. single object deposits	241
10.3 Hoards in LN II: international contacts and the community	242
10.4 Hoards in period IA: regional practices and the community	243
10.5 Hoards in period IB: shared ideas and regional interpretations	245
10.6 Conclusion	246
Epilogue: a completely normal practice	249
