Dr. M.R. Crone

Doctorate committee

Prof. dr. J.C. Kiefte-de Jong

Dr. P.G. van Peet

Prof. dr. O.C.P. van Schayck (Maastricht University, the Netherlands)

Prof. dr. E.M. Khoo (University of Mayala, Malaysia)

The studies presented in this thesis were funded by the European Commission Research and Innovation program Horizon 2020 (680997), and Healthy Lungs for Life. Financial support for printing of this thesis was kindly provided by the SBOH (employer of GP trainees in the Netherlands).

If you think you are too small to make a difference, try sleeping with a mosquito.
[African proverb]

CONTENTS

Chapter 1	General introduction	11
------------------	----------------------	----

Part I – UNDERSTANDING THE PROBLEM – Exploring chronic respiratory disease in its local context

Chapter 2	High COPD prevalence at high altitude: does household air pollution play a role? <i>Eur Respir J</i> 2019; 53 : 1801-193 <i>Translated adaptation published in H&W 2020; 7:70-74</i>	25
Chapter 3	COPD's early origins in low-and-middle income countries: what are the implications of a false start? <i>NPJ Prim Care Respir Med</i> 2019 Mar 5; 29 (1): 6	43
Chapter 4	The socioeconomic burden of chronic lung disease in low-resource settings across the globe – an observational FRESH AIR study <i>Respir Res</i> 2019; 20 (1): 291	51
Chapter 5	National guidelines for smoking cessation in primary care: a literature review and evidence analysis <i>NPJ Prim Care Respir Med</i> 2017 Jan 20; 27 (1): 2	69

Part II – TOWARDS A SOLUTION – Facilitating implementation success of lung health programmes by engaging and leveraging their local context

Chapter 6	Implementing lung health interventions in low- and middle-income countries: a FRESH AIR systematic review and meta-synthesis <i>Eur Respir J</i> 2020 Jul 23; 56 (1):2000127	93
Chapter 7	Let's stop dumping cookstoves in local communities. It's time to get implementation right <i>NPJ Prim Care Respir Med</i> 2020 Jan 10; 30 (1): 3	121
Chapter 8	Factors critical to implementation success of cleaner cooking interventions in low-income and middle-income countries: protocol for an umbrella review <i>BMJ Open</i> 2020; 10 (12): e041821.	129
Chapter 9	Facilitators and barriers to the implementation of clean fuels and improved solid fuel cookstoves in low-and middle-income countries: an umbrella review <i>Lancet Planet Health</i> ; accepted	143
Chapter 10	A systematic approach to context-mapping to prepare for health interventions: development and validation of the SETTING-tool in four countries <i>BMJ Glob Health</i> 2021; 6 (1) e003221	171

Chapter 11	Mapping low-resource contexts to prepare for lung health interventions in four countries – a mixed-method FRESH AIR study <i>Lancet Glob Health</i> 2022 Jan; 10 (1): e63-76.	191
Chapter 12	Implementing a context-driven awareness programme addressing household air pollution and tobacco: a FRESH AIR study <i>NPJ Prim Care Respir Med</i> 2020 Oct 6; 30 (1): 42.	221
Chapter 13	General discussion	243
Chapter 14	Summary	265
Addendum		
	Nederlandse samenvatting (summary in Dutch)	275
	Publications	283
	Curriculum Vitae	287
	Acknowledgements	289
