# **Cellular cryo-tomography of nidovirus replication organelles**

Georg Wolff

PhD Thesis, Leiden University, 2022.

The research described in this thesis was performed at Leiden University Medical Center, Departments of Cell and Chemical Biology and Medical Microbiology, The Netherlands.

The printing of this thesis was funded by the Nederlandse Vereniging voor Microscopie (NVvM, [microscopy.nl](http://microscopy.nl)) and the Stichting tot Bevordering van de Electronenmicroscopie in Nederland (SEN).

Cover design & layout by Georg Wolff

Printed by: [Proefschriftenprinten.nl](http://Proefschriftenprinten.nl)

ISBN/EAN: 978-90-832468-5-7

# **Cellular cryo-tomography of nidovirus replication organelles**

**Proefschrift**

ter verkrijging van  
de graad van doctor aan de Universiteit Leiden,  
op gezag van rector magnificus prof. dr. ir. H. Bijl,  
volgens besluit van het college voor promoties  
te verdedigen op woensdag 29 juni 2022  
klokke 16:15 uur

door

**Georg Wolff**, geboren Böing  
te Heidelberg, Duitsland

in 1989

Promotoren: Prof. dr. ir. A.J. Koster  
Prof. dr. E.J. Snijder

Co-promotor: Dr. M. Bárcena

Leden promotiecommissie: Prof. dr. R.C. Hoeben  
Prof. dr. A. Briegel, Leiden University  
Prof. dr. A.C.O. Vertegaal  
Dr. K. Knoops, Maastricht University

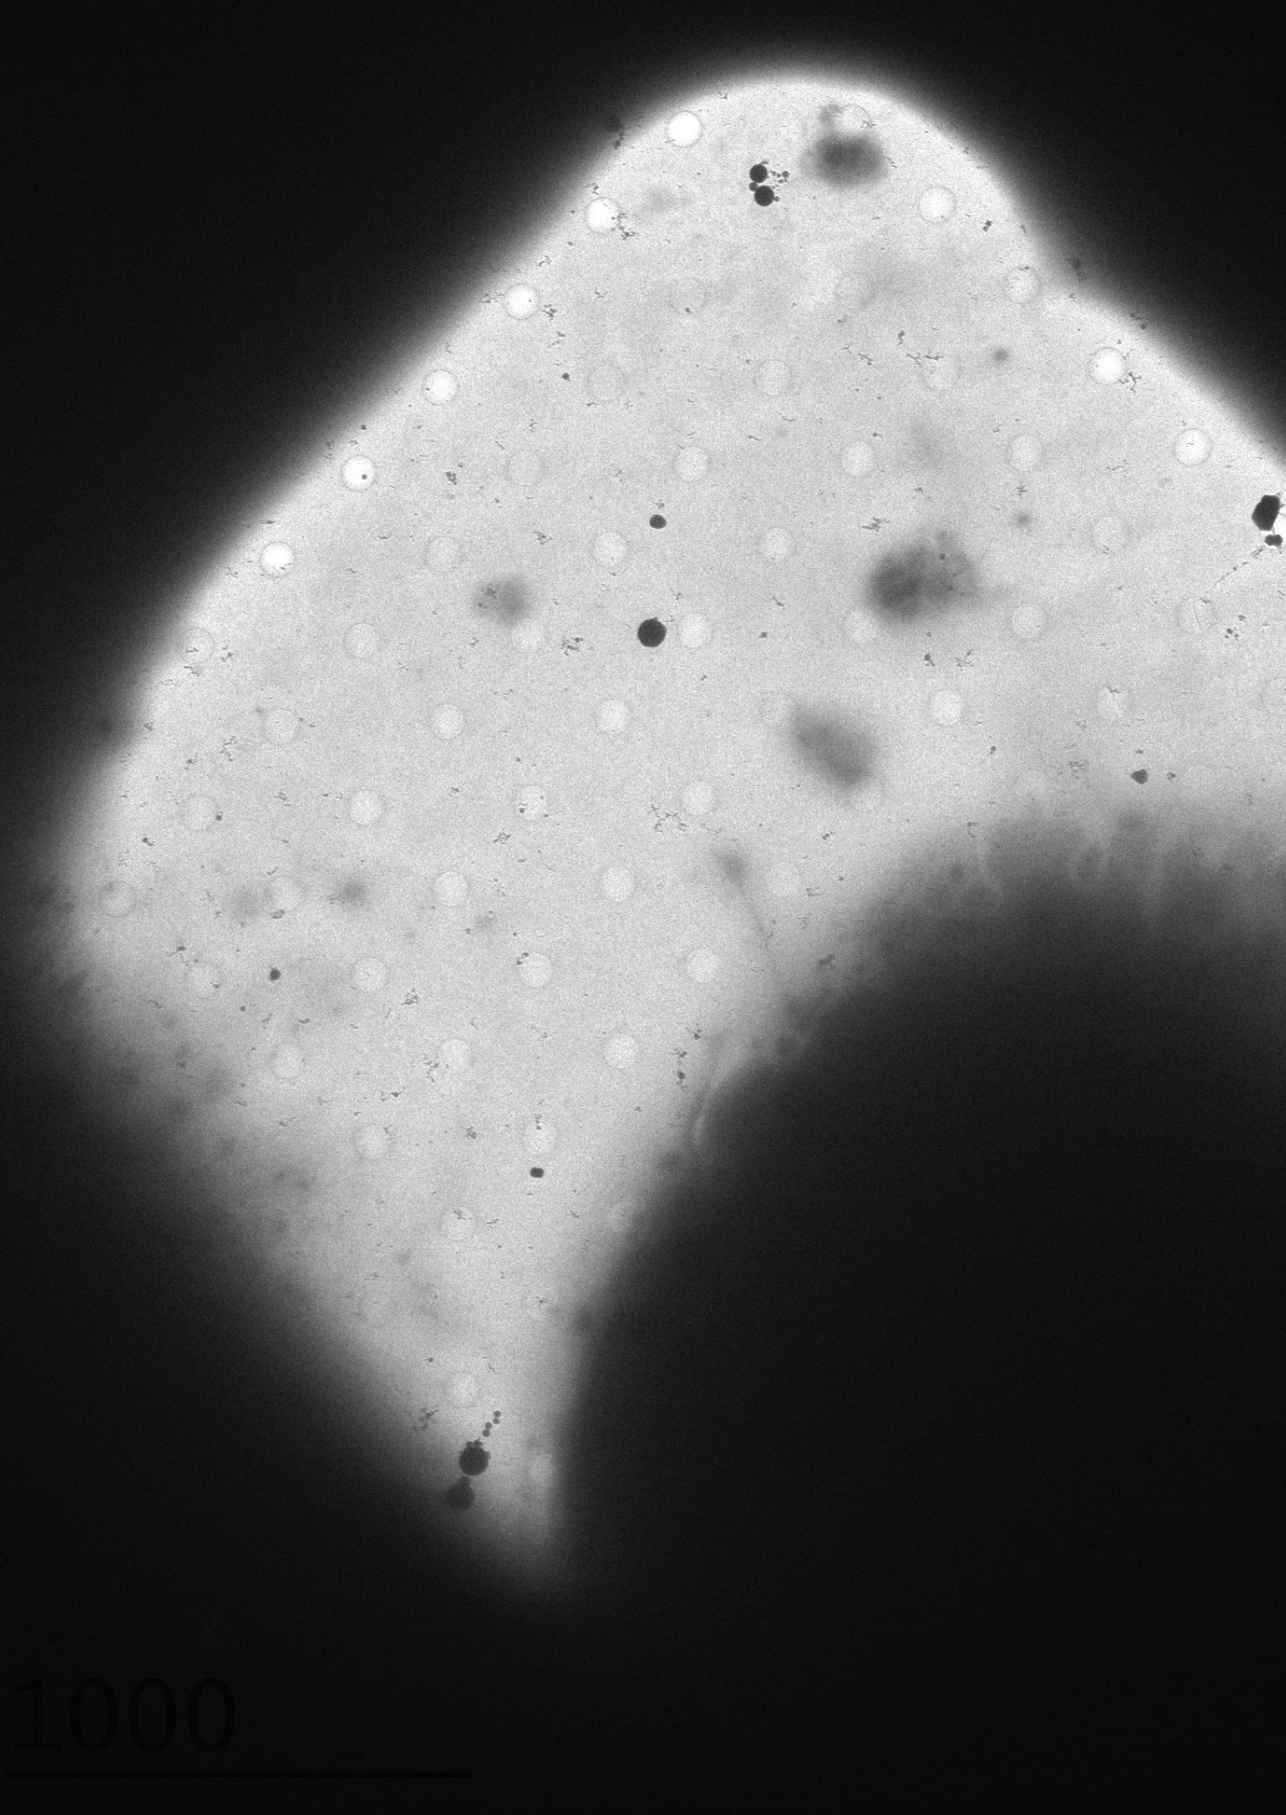

*for my wife Jule, who gifted me with three wonderful children*

## Table of contents

|                   |  |            |
|-------------------|--|------------|
| <b>Chapter 1</b>  | General introduction   | <b>8</b>   |
| <b>Chapter 2</b>  | Double-membrane vesicles as platforms for viral replication  | <b>18</b>  |
| <b>Chapter 3</b>  | Mind the gap: Micro-expansion joints drastically decrease the bending of FIB-milled cryo-lamellae                        | <b>32</b>  |
| <b>Chapter 4</b>  | A molecular pore spans the double membrane of the coronavirus replication organelle                                      | <b>42</b>  |
| <b>Chapter 5</b>  | Conservation of a double-membrane spanning molecular pore in the replication organelles of distantly-related nidoviruses | <b>60</b>  |
| <b>Chapter 6</b>  | Multiscale electron microscopy for the study of viral replication organelles   | <b>80</b>  |
| <b>Chapter 7</b>  | General discussion   | <b>96</b>  |
| <b>References</b> |  | <b>108</b> |
