Chapter 1	General introduction	8
Chapter 2	Population pharmacokinetics of treosulfan in pediatric patients undergoing hematopoietic stem cell transplantation	22
Chapter 3	High interpatient variability of treosulfan exposure is associated with early toxicity in paediatric HSCT: a prospective multicentre study	56
Chapter 4	Impact of treosulfan exposure on early and long term clinical outcome in pediatric allogeneic HSCT recipients: a prospective multicenter study	80
Chapter 5	Identification of treosulfan-induced myalgia in pediatric hematopoietic stem cell transplantation using an electronic health record text mining tool	108
Chapter 6	Effect of busulfan and treosulfan exposure on gonadal function after allogeneic stem cell transplantation in children and adolescents with non-malignant diseases is not exposure-dependent	132
Chapter 7	Therapeutic drug monitoring of conditioning agents in pediatric allogeneic stem cell transplantation; where do we stand?	146
Chapter 8	Discussion and future perspectives	182
Appendices	English summary	196
	Nederlandse samenvatting	199
	List of publications	204
	Portfolio	206
	Curriculum vitae	209
	Dankwoord	210
